

MALASPINA COLLEGE

STAFF BULLETIN NO. 12

1st DECEMBER, 1969

1. Two typewriters have disappeared from the publications office within the last two weeks. If anyone has information about these, please let me know. Also, a bicycle disappeared from the parking lot. Unfortunately the College cannot accept responsibility for students' equipment left on the premises. However, we will do our best to follow up on any missing equipment.

(HMB)

2. As no pressing business has been brought to the attention of the Executive, we have not scheduled a Faculty Association Meeting for the month of December.
