

PATTULLO URGES ENDORSEMENT OF GRIT CANDIDATE

Liberal Leader Heard in Fighting
Speech on North Shore
Friday

POLL TODAY

Fight Believed Between Liberal
and C.C.F. Candidates
By-Election

North Vancouver, B. C., July 14.—The election of North Vancouver has been changed before them as they will today in a by-election to fill vacancy in the British Columbia Legislature caused by the death of H. C. F. Anderson, C.C.F.

They may add to the large majority in the House of the government of Premier I. D. Pattullo they may restore to seven the strength of the official Opposition, by a by-election in North Vancouver. They may elect one of two dark horses.

The two candidates offering are Mackenzie Matheson, Liberal; Mrs. Josephine Creighton, C.C.F.; James McCallum, Independent; E. E. Lewis, United Front.

In last November's general election, Mr. Watson polled only seven votes and the United Front candidate of that date, only 132, to that of the Liberal and C.C.F. against the present fight as practically confined to themselves.

The C.C.F. won the seat in November on a minority vote of 247 out of 687.

It is believed to be known about nine o'clock this evening.

North Vancouver, July 14.—Premier I. D. Pattullo and Liberal speakers and a half-dozen audience exchanged blue-inked bows and rapid thrusts among each other last night as the Premier, in a speech, urged the C.C.F. to support the Liberal candidate in the by-election.

Today 4,000 registered voters have the opportunity of choosing from among four candidates a successor to the late H. C. F. Anderson, C.C.F., in the Legislature. The candidates are Mackenzie Matheson, Liberal; Mrs. J. Creighton, C.C.F.; E. E. Lewis, United Front.

Premier Pattullo was greeted with loud cheers from his supporters, and was from the hostile section of his audience.

The platform inaugurated by the Liberal party during the election was still the platform of the party. Not only have we not backed up one inch, but we have made no progress.

To hecklers he declared, "I don't think anybody has started under this administration."

"He reviewed the various conferences, inter-provincial and Dominion which had followed his government's taking power and the action of representatives of other provinces in endorsing a public works programme, based on use of the National credit authority, was at a work which would be followed by the Dominion to refund obligations at no interest. What would be the use of British Columbia burning the financial integrity of the Dominion and refusing to co-operate."

"Concerning relief he declared he had never said relief had become a racket, but that it had been alleged there was a racket and the government was going to find out whether this was so."

"He had never said British Columbia had no work and wages without the use of national credit."

"Don't you think that eastern Canada has not been influenced by the policy in British Columbia," he asked.

Prime Minister Bennett had declared he would assist in financing an orderly program of public works in British Columbia. "The government had submitted what they considered an orderly program. Mr. Bennett had not turned it down, but he had said that he was considering it."

Death Awaits Those Challenging Regime of Iron Chancellor

Hitler Dazed, Visibly Shaken,
Following Historic Speech
in Reichstag

MANY PROBLEMS IGNORED
(By Walter E. Brockmann)

Berlin, July 14.—More firing squads and more "purging by blood" await any who challenge Adolf Hitler's rule of Germany.

This was the warning Germany pondered today as it digested the Chancellor's Reichstag defense last night of the June 30 "liquidation" of 77 traitors.

"Everyone is to know for all future times," he said, "that if he raises his hand for attack against the state, certain death will be his lot."

Hundreds of Nazis roared and cheered at the address—his explanation of the execution of storm leaders and others June 30—was ended. The Chancellor slumped into his chair, and opened dazed and speechless bewildered.

The address was Hitler's answer to those who criticized the "liquidation" of traitors. It was his defiance of his foes and his appeal for command and renewed "blind obedience" to his authority.

Opinion is divided among foreign observers today as to what extent the Chancellor succeeded in his purpose. Many hold Hitler is now on the defensive.

The belief was expressed by some that the fad at the helm of the nation is not as firm as it was.

Most of Germany's burning problems were left untouched in Hitler's two and a half hours of oratory. Finances and foreign policy were not mentioned.

Pale and visibly shaken by the recent bloody victories, Hitler touched his forehead with his hand at the conclusion. Germany's "strong man" apparently was not himself.

While Hermann W. Goering, Hitler's right-hand man extolled "der Fuehrer," Hitler sat with bowed head, apparently oblivious of the eulogy.

London, July 14.—The Reichstag address of Adolf Hitler caused widespread "interest" in London's official circles today but brought no comment.

"Surprise was manifested in press accounts at the absence from the Reichstag session of the British, United States and French ambassadors."

REACTION TO CHANCELLOR'S SPEECH POOR

Disappointment at Chancellor Hitler's failure to discuss German foreign policy was the general reaction to his speech today in European capitals.

Official comment was withheld, in some instances until the text could be carefully studied.

Nationalist newspapers in Paris interpreted Hitler's silence on foreign affairs as an indication he is in no hurry to study the French proposal for an eastern Locarno pact.

The French Foreign Office carefully withheld comment.

The commentator of the newspaper Figaro said the speech "will disappoint both Germany and Europe" and that it was full of contradictions.

London's Daily Mail saw an indication the German army was restless as Hitler's statement said that President Von Hindenburg had reconciled the Reichswehr to the present state of affairs.

PREMIER OPPOSES FEDERAL DECREASE IN RELIEF GRANTS

"Cannot Be Done," Pattullo
Bluntly Informs Ottawa
Government

BRACKEN'S INVITATION

Pearson and Hart to Accompany
Leader on Next Trip
Back East

Ottawa, July 14.—"It simply cannot be done," Premier I. D. Pattullo commented today on the announcement from Ottawa that the Dominion contribution to direct relief would be reduced to 25 per cent for the period July 1 to August 31.

The premier, on receiving notice of the proposed change, and an invitation to attend a Dominion-Provincial conference on July 30 wired the following reply:

"So far as British Columbia is concerned it will be necessary for the Dominion Government to make a larger contribution than suggested in your message for a considerably longer period. However, that can be discussed further."

Mr. Pattullo stated that, besides opposing a cut in the relief contribution, he would again urge upon the Dominion Government the need for a "works program of much greater extent than that at present proposed. With industries working at their summer peak it was stated in government circles, there are still 100,000 dependent upon relief in this province."

Hon. John Hart, Minister of Finance, and the Hon. G. S. Pearson, Minister of Labor, probably will accompany the Premier to Ottawa, all leaving July 25.

Winnipeg, July 14.—A conference of premiers of the four western provinces to consider relief matters prior to the proposed Dominion-Provincial meet, was suggested by Premier I. D. Pattullo of Manitoba here today, commenting on the announcement from Ottawa last night of the new federal relief policy.

While pleased the Dominion Government has announced its intention of continuing its contribution to direct relief until Aug. 15, the Premier expressed regret the government had considered it necessary to reduce its share from 33 per cent to 25 per cent.

"I think it is generally recognized the four western provinces are peculiarly situated in reference to the unemployment relief problem, and under the adverse conditions affecting agriculture we require greater assistance than that other provinces," Bracken said.

"It is my intention to suggest to the premiers of Saskatchewan, Alberta and British Columbia that we should have a conference to consider the whole situation prior to the conference at Ottawa."

GENERAL STRIKE CONSIDERED CERTAIN IN SAN FRANCISCO

Lions To Parade
To Obtain Meat,
Keeper Asserts

San Francisco, July 14.—A parade of hungry lions and tigers in the search of meat was promised here today as strike conditions cut off the food supply of Fleishacker zoo. In announcing he had been denied a permit by striking unions for delivery of meat to the zoo, George Bistany, superintendent, declared the animals at the zoo eat 400 pounds of meat a day and "I'm going to get it for them."

"They're going to parade to the butchers in trucks. If any one wants to stop them, all right, but they're going to get meat, dead or alive."

San Francisco, July 14.—A vote for a general strike beginning Monday, was cast by the Labor Committee, representation all unions, late today.

San Francisco, July 14.—Against the threat of famine and disease, official San Francisco marshalled its forces today and awaited decision by Union Labor which stood ready to strike in mass support of its maritime members.

Heat, light and the all-important supply of food must continue, Mayor Angelo Rossi declared in assuming the "unlimited emergency power" granted him under the city charter.

Virtually the last hope of persuading employers to arbitrate the projected general strike of union labor was swept away as the city charter, which was passed by the Labor Committee, representation all unions, late today.

The meeting also decided to assess each member \$2, the proceeds, expected to total about \$1800, to be turned over to the Northwest strike committee to be used for striking longshoremen.

The report of the special committee of the association on the report of the conciliation board which heard the dispute between the association and the shipping federation of British Columbia regarding wages and working conditions, was considered but no action was taken.

Vancouver, July 14.—Members of the Vancouver and district waterfront workers' association have definitely aligned themselves, sympathetically at least, with striking longshoremen in the States Pacific Coast ports when they voted, to hold a general mass meeting Sunday to consider a proposal to refuse to work any United States ships manned by non-union crews which dock here, and also started collection of a fund to be turned over to the Northwest longshoremen's strike committee.

At the general meeting here last night Vancouver longshoremen endorsed an order that all work be stopped Sunday in order that all members of the association attend the mass meeting.

The meeting also decided to assess each member \$2, the proceeds, expected to total about \$1800, to be turned over to the Northwest strike committee to be used for striking longshoremen.

BATTERED REMAINS OF WOMAN FOUND

Employer of Housekeeper Held
By Vancouver Police
For Investigation

Vancouver, July 14.—Albert Erickson, Rupert street, in whose home the body of Cecelia Edward, 42 year old Indian woman, was found, was held by police on a charge of being intoxicated in public place. Magistrate W. M. McKay acceded to the request of assistant city prosecutor Gordon Scott that no bail be allowed Erickson. Mr. Scott declared more serious charges would probably be laid against Erickson within a few days.

It was until Friday the police realized she had been severely beaten before death, having sustained four broken ribs and a hemorrhage of the brain.

Vancouver, July 14.—Apparently related to death of the body of Cecelia Edwards, 42-year-old Indian woman, housekeeper at 1355 Rupert St., found in bed, clad in her night clothes early Thursday morning. Held for investigation on anomalous charge of drunkenness, is her employer, whose name the police did not disclose.

An autopsy held Friday afternoon by Dr. W. Hunter under instructions from Coroner Dr. W. D. Bryden-Jack, revealed severe cuts and bruises, multiple abrasions on both legs, several ribs fractured, and an injury to the brain which caused hemorrhage of the brain. The brain and contents of the stomach have been handed to Inspector J. F. C. Vance, head of the city's Police Bureau of Science, who also conducted a detailed investigation of the house.

Employer Held

His report will be submitted some time prior to this evening, which will be held early next week.

Discovery of the body was made by the dead woman's employer, who called the police. At first it was believed that death was due to natural causes, but the unusual circumstances and the fact that evidences of a drinking party were discovered in the house led the police to remove the body to the city morgue.

The employer, a white man, was arrested at 4 o'clock Friday following the report of the doctor conducting the post-mortem examination of the woman. He is believed, had been working at the house since November, 1932. Her mother and one brother, called Felix Williams, are living on the Ladner reserve.

Investigations are being conducted by Detectives Hector Morrison, Walter Brockbank, J. Horton and P. A. Hoare.

POWERS TO STRUGGLE WITH DISARMAMENT

Parley May Again Convene In
Geneva During Early
Autumn

Geneva, July 14.—The world powers were committed today to another serious fling at disarmament next September by the official convocation of the steering committee of the Disarmament Conference.

Arthur Henderson, conference chairman, encouraged by the recent Anglo British conversations and the boon given to security pacts, officially called the committee meeting for the early days of the League of Nations assembly beginning Sept. 10.

The Eastern Locarno pact which France is fostering and which Great Britain and Italy have endorsed was regarded as a major factor in determination to carry on conversations in furtherance of world peace.

VETERAN NAMED DOUGLAS SLAYER

Coroner's Jury Finds Wood Cutter
Was Assailant of
Douglas

New Westminster, B. C., July 14.—A coroner's jury yesterday named Robert McFadden, 40-year-old wood cutter, believed a victim of shell shock, as the slayer of Tom Douglas, 55, councillor of Coquitlam who was shot down in his gas station at the corner of North and Austin roads yesterday.

McFadden was present at the inquest and showed indifference to the evidence of witnesses who told of seeing the slayer, gun in hand, walk on the gas station and along the north road after the shooting.

J. R. Coburn, a neighbor of Douglas, who was with Constable R. Dunn when McFadden was arrested a half hour after shooting, testified that on the way to the police station, McFadden said there was "one more man he wanted to get, and that was Richardson."

McFadden, when arrested, was within a short distance of the garage in Port Moody operated by George Richardson.

The jury told McFadden showed no interest during the inquest as when Percy Baker, from whom McFadden is alleged to have borrowed the shotgun used in the shooting gave evidence.
