

## Government of Cuba Moves To Disarm People

**Mob Violence Again Feared By Havana As Outbreaks Flare Afresh**  
**ALARM FELT**

(By John P. McKnight)  
Havana, Aug. 24.—Alarmed by outbreaks of lawlessness throughout Cuba, the Provisional Government and military officials today considered how they could best disarm civilians.  
Officials studied the possibility of issuing military orders that all non-military persons turn in the weapons they collected in three years of bloody struggles against the recently ousted government of Gerardo Machado, in order to present a reputation of mob violence.  
It was understood the A.B.C. secret society, which in the 12 days since Machado's downfall has taken a leading role in straggle down and imprisonment of officials, had had a meeting to turn over its arms.  
In Santiago more than 1,000 men sided two men from guards, killed them, and dragged the bodies through the streets.

## HAYDEN, YOUNG ARE TENNIS FAVORITES

**Junior Games at Duncan Are Attracting Interest In Tennis Circles**

Duncan, Aug. 24.—Play for the B.C. and Island championships for juniors at the Duncan tennis courts went forward briskly today. Matches, being played, evidence of consolidation. Extra for the matches of Mrs. Hanson, and Eleanor Young of Vancouver, who won all their games with ease, plus very keen and excellent tennis seen.

In the girls' under 18, Eleanor Young, member of the A.B.C., and Vancouver star, Hayden met the clever little Japanese, Iwasaki, who took three sets to dispose of Bill Swan who was turned back the measure of Doug Doolan, Victoria, in two sets 7-5, 6-4.

Hayden and Eleanor Young are believed to be in the mixed doubles, playing a Victoria pair, the winners of Fairbank and Kay Grogan and Helen and Pat Ross.

The under 15 classes feature Doolan and Vasey players in the girls and Kathleen Staples playing Vasey, Paet Miller and Gordon Vasey meet a team of Vancouver.

## Infant Held Hostage For Unpaid Bill At American Hospital

Chicago, Aug. 24.—Judge Joseph DeLoe today expressed severely a hospital charged with holding an infant "hostage" for seven months to insure payment of a bill. He issued a writ of Habeas Corpus, releasing the child to her father, Stanley Shlopian.

## The Weather

A pronounced high pressure area is hovering over the Cariboo district and fine warm weather continues on the Pacific slope. Rain has been general in the Prairie Provinces.  
Forecast: 4 to 10, steady 5 to 10, Friday, Nanaimo and vicinity—light to moderate winds, continued fine, warm and very dry.  
Nanaimo, for 24 hours ending at 9 a.m. today: Minimum 55, maximum 78.  
Friday's Tides  
High water, 8:10 a.m., 11:15, 8:02 p.m.  
Low water, 2 a.m., 4:45, 1:48 p.m., 5:59, 7:59.

## WORK KILLED AND FIFTEEN INJURED IN TRAIN WRECK

**Derailment Causes Fatal Accident When Crack Flier Hurles Into Stream**  
**CAR SUBMERGED**

**One Man Sleeps Through Terror, Although Injured.**  
**Cars Apart**

Washington, Aug. 24.—The engine went to their death, two others were said by police to have been killed, and at least 13 were injured early today when the Crescent Limited, crack Southern Railway train, bound from New York to New Orleans, went through a bridge just outside Washington, at 3:48 a.m.

A. H. Bryde, of Washington, engineer, and J. H. Faye, fireman, of Ferryville, Maryland, were killed. The train was crossing a bridge over the eastern branch of the Anacostia river when the accident, apparently caused by terrific rains and the swollen stream, occurred without warning.

The engine dropped into the swollen stream. The mail car and a coach hurled over onto the far bank. The dead-end car was entirely submerged and five other cars toppled from the track and trestle, lying partially in the water.

The last car on the train remained upright on the far side of the stream. The terrific force of the flood-driven engine onto its right side, burying it in the mud and submerging the operating cab. Arthur H. Bryde, engineer, and Fireman Faye were killed.

A squad of ambulances under police guard and a rescue train were rushed to the scene. A superintendent of engineers riding on the engine, was reported probably fatally injured, but was dragged from the cab.

Dr. Martin J. Keane, Riverview, M.D., who took charge of the rescue work, said all the passengers had been taken from the wreckage. In the mail car the doctor found the two clerks sitting mail, even though badly shaken up by the wreck.

The man whose name was not mentioned, told the doctor he had slept through the wreck which broke the cars apart.

The derailment happened along a "cove" stretch of track where water poured along both sides of the Pennsylvania railroad's double track right of way.

The conflicting reports as to the speed of the train. Officials of the road said it had been proceeding under reduced speed orders, but were reported to be a general opinion among the railroad official engineers that the train had been going about 50 miles an hour.

## Whist Drive and Dance Held By C.C.F. of Nanaimo

A well-attended whist drive, concert and dance was held under the auspices of the Nanaimo branch of the C.C.F. in the Harewood Community Hall, Wednesday night.

Women, at which were: Mrs. Doreen and partner; Mrs. M. Stephens and partner; Mrs. M. Spencer and partner.

Refreshments were served after the whist drive and they were followed by a splendid concert in which Mrs. E. Estep, soloist, was contributed by Mrs. Esterbrook, Miss Addison, Miss N. Brankston, Miss L. Brankston and Mr. L. Williams. Mrs. Nash and Mrs. Hunter gave a piano and vocal duet, and Mrs. E. Hunter, Mr. J. Hetherford, violin and Mr. L. Bagley, mandolin. Vocal duets were rendered by the Thompson sisters.

Mrs. Ross during gave a fine instrumental solo on the Hubbard-Finck's Maple Queen which pleased the audience with tap dancing, and Mr. J. Anderson played. The dancers were accompanied by Mrs. Nash with Mrs. Hunter, Mrs. L. Callahan and Mrs. E. Hunter appearing with the other artists.

The rest of the evening was spent in dancing. Music was supplied by Mrs. Nash, Mr. A. Young, Mr. Coleman and L. Bagley. The C.C.F. of Nanaimo, headed by Mrs. C. A. Simmons, walked into this town to inaugurate a new era of activity for the whist. They were accompanied by their aeroplane was wrecked today, they had been missing since Monday.

## Death and Destruction Follow Gale's Path On Seaboard of Atlantic

**AGREEMENT UPON GRAIN REPORTED TO BE IMPENDING**

**Bennett Believes Signatures Will Be Appended This Afternoon; Leaves Tomorrow**

**SEVEN STATES BOARD**

London, Aug. 24.—The Wheat Conference delegates hope to sign this afternoon an agreement for restoring world wheat markets.

The importing countries' representatives met again today and selected seven states as the importing nations in the international wheat advisory committee which is to be set up to watch over the working out of the agreement expected to be signed late today. The seven were Great Britain, Germany, Italy, France, Switzerland, Spain and one of the northern Scandinavian countries.

The world wheat conference program resumes in late afternoon. It has still to determine the world price of which importing nations will be prepared to report their tariffs on wheat but agreement is quickly expected on this point.

Prime Minister R. B. Bennett of Canada, chairman of the conference, declared the difference was "not so great." Believing the agreement will be signed this afternoon he plans to leave for Canada tomorrow.

## MILL AFLAME

**Vancouver Property Blazing; Forest Fire at Maple Ridge**

Vancouver, Aug. 24.—Fire broke out shortly before 10 p.m. in old Bush Miller shingle mill on Fraser river at foot of Shaughnessy St. The main portion of the mill and five drying sheds were ablaze at 2:30 p.m. Firemen were directing their efforts toward adjacent premises of Pacific Mast Co.

A great forest fire is raging uncontrolled in the last big stand of timber in the Maple Ridge district near Haney, in Alouette Lake district in the limit of the Commercial Lumber Company. The shingle mill at Sullivan, owned by T. J. Sullivan, was burned down together with thousands of shingle bolts and 200,000 shingles. The loss is estimated at \$5,000.

## Negro and Wife Are Held Upon Murder Charge

Vancouver, Aug. 24.—Mrs. Dorothy M. Williams, came to her death Tuesday last at 2340 Windsor St. as the result of a criminal abortion performed at the same place on or about Aug. 14. This was the verdict returned by a coroner's jury Wednesday afternoon investigating the sudden death.

In connection with the death, Mrs. M. Melville D. Evelyn, occupants of that address are charged by the police with murder. Although the couple appeared at the inquiry, they did not give evidence on the issue of their guilt, Phil S. Morgan.

Throughout the hearing, Evelyn, who is colored and his young wife, sat beside a police escort and witnessed closely to the cross-examination of witnesses by Gordon Scott, prosecutor, and Coroner Dr. W. J. Redone-Jack.

Chief witness was Miss Isabel Evelyn, housemaid in the Evelyn home, who as a material witness is out on bail bonds of \$1000.

## EPIDEMIC CURTAILED

Montreal, Aug. 24.—There were no new cases of typhoid fever at the Mother Home of the Sisters of the Congregation of Notre Dame today, according to Dr. S. Boudier, director of City Health Services.

The glow from the sky to the west of Nanaimo last night, was caused by a fire which has been going at Pender Harbor for the past month.

Twelve Known Dead; Millions of Dollars Damage Is Told As Hurricane Sweeps From Coast To Great Lakes

New York, Aug. 24.—Death, terror and destruction rode on the tail of the maddest storm to strike the Atlantic seaboard in many a year.  
The death toll went well over a dozen with the derailment this morning of the crack Southern Railway train, Crescent Limited, as it hurtled through a rain-soaked bridge spanning the Anacostia River near Washington.

Other deaths included two on the battered coastal liner Madison, eight in Virginia, the electrocution of a small girl in Sea Cliff, N.J., and a motorist driving in a heavy rain at Coatesville, Pa.

Damage to property ran into millions of dollars. Smashed shore resorts, marooned communities and the wreckage of small craft dotted the sea, shipping shattered in the grip of tremendous waves.

A party-crashed passenger liner, the Madison, with 109 persons aboard, fought her way into Norfolk, Va., today. At least two other large vessels were missing.

The City of Norfolk, a Chesapeake Bay Line steamer, carrying 40 passengers from Baltimore, was more than 24 hours overdue at Norfolk. Frantic calls for Coastguard aid reached Washington from half-dozen Maryland towns, where 100 families were marooned and reported in deadly peril.

Eight persons are known to have died in Virginia alone yesterday and last night as waves like mighty hammers wrecked beach resorts, luxurious homes and cottages.  
Today the storm whipped parts of New England with gales that crippled shipping and menaced shore communities.

Large numbers of men in Salisbury, Md., a city of 11,000, were called upon, a witness said, to dig a ditch to divert the Wisconsin River and save the business section from floods.

Coastguard boats saved 100 people at Wiltoughly Spit. The sea inundated the Norfolk waterfront yesterday, shattered a pavilion at Wildwood, N.J., and sent wealthy summer residents of Cape May, N.J., fleeing from their homes.

In New York and other parts of the coast, the storm took the form of a northeaster. The metropolitan areas across traffic jams because of flooded highways and railroad tracks. Fallen trees strewn streets.

Norfolk, Va., Aug. 24.—Virginia counted 10 dead and millions of dollars in damage today in the wake of the wilder hurricane ever experienced here.  
The death list mounted to 10 when the coastal liner Madison staggered into port before dawn minus two of her company.

Two white men and six negroes died on land, while the fashionable resorts of Virginia Beach, Cavalier Shores, Cape Henry, Ocean View and Westwindsport presented scenes of devastation.

Coast guardsmen, wading to their armipis, saved 70 residents of Cavalier Shores in pitch darkness. Picket boats rescued 20 at Wiltoughly, many from second storey windows.  
At Manteo, N.C., Mr. George H. Hoskins was hauled a quarter of a mile in a breeches buoy through the pounding sea from the wrecked schooner Kohler.

Damage at Virginia Beach alone was estimated by Norfolk residents at \$1,000,000.

## Storm Breaks Nerve of C. Vanderbilt

Wrightston, N. J., Aug. 24.—Brigadier General Cornelius Vanderbilt, director of the New York Central, which swept over Camp Dix last night.  
General Vanderbilt was struck by a door swung open by the wind.

## Tories of Islands Seeking Candidate

Victoria, Aug. 24.—Conservatives of the Islands riding will hold a nominating convention at Harbor House, Victoria, on Monday morning, with delegates to be present from all parts of the constituency. Col. W. W. Foster is mentioned as having been offered the nomination, if he will allow his name to be placed before the meeting.

## SS. MADISON IS SAFE PORT AT NORFOLK, VA.

**Two of Vessel's Crew Swept To Death By Terrific Force of Waves**  
**SOS CALL**

**Impact of Angry Waters Tears Away Superstructure of Sturdy Steamers**

Norfolk, Va., Aug. 24.—The hurricane-battered steamer Madison, with two of her crew swept to their death by mountainous waves, limped into port here early today after being in distress for long hours off the coast of Virginia.

The steamer, which yesterday sent out two S O S calls, managed to out-ride the storm and proceed under her own power to port.

Waves carried overboard Lycurgus Lawrence of North Carolina, the second mate, and Edward Durbest of Newfoundland, quartermaster, who had gone on deck to investigate the damage done by the first huge wave that struck the ship as she encountered the hurricane.

The wave described by Captain William Heath as the largest he had ever seen, tore away the forward bow and wrecked much of the superstructure.

A haggard group of passengers, who had spent a sleepless night seeing life preservers, came from aboard the ship when it docked.

## BETWEEN REMAINS OF KING, BISHOP

**Body of Former Vancouver Boy Rests In State in Great English Church**

Winchester, Eng., Aug. 24.—In a city of Winchester Cathedral, historical burial place of kings and chancellors, lies the body of a boy who formerly lived in Vancouver. He was killed in an English railway disaster.

The body is that of Roderick MacDonald Duthie, nine-year-old son of Mr. and Mrs. H. Duthie of Portland Ore. Until recently the family had resided in Vancouver. The boy was killed in a train wreck at Reynes Park last May.

Mrs. Duthie brought her son's body to rest in state in the beautiful chapel of the Guardian Angel, where it will remain until taken home for burial near Portland at the end of this month.

Mr. and Mrs. Duthie, who have with them another son, Tommy, aged 13, are on a business trip in England, and the Dean of Winchester granted them the privilege of leaving the body in this resting place of kings and princes until they are able to return to Portland.

The Chapel recently has been attracting more attention than the graves of Canon and other early kings of England since sightseers persistently ask the identity of "the great personage now resting between the tombs of a famous bishop of Winchester and a chancellor of England."

## VANCOUVER THEFTS

Vancouver, Aug. 24.—A quantity of clothing valued at \$1,250, including 1652 S. E. Marine Drive, according to a police report. An automobile, containing several bags of personal belongings was stolen from M. R. Sherman, 650 Robson street, on Wednesday night near the Auditorium.

## Today's Stocks

## WORLD OPINION

The quotations hereunder, culled from the Press of the World, do not necessarily carry the endorsement of the Nanaimo Free Press.

### A LIBERAL VICTORY

The turnover in Nova Scotia may well be assigned, like the defeat of many another Government, to the restlessness of the public politically, a restlessness that is always induced by any period of depression. Whenever economic conditions are not good a majority of the people set out to find a scapegoat. That has been the case in Nova Scotia. The Government came under fire because of the manner in which unemployment relief was disbursed. Similarly, it was criticized because of the nature of the public works it carried out to meet emergency conditions. It was considered as well for not instituting sufficient economies. These are all matters very much in the limelight in these days.

The Harrington Government was on the defensive from almost the time of its entry into the arena. That attitude is tantamount to courting defeat, and it met with heavy defeat at the polls. Conservation lasting in office for just about eight years in Nova Scotia, for two terms, in other words, after the Liberals had had terms ranging over 43 years. The Liberals, under Mr. Angus L. Macdonald, will now have to cope with the conditions of which they were so confident as regards their ability to help, however, by the fact that the era of depression is on the wane and more normal conditions are being restored.—Victoria Colonist.

### ECONOMICS OF THE C.C.F.

The curious idea that we can find salvation in a self-contained country is rampant in the ranks of the C.C.F. in Western Canada; it is part of their larger belief in a wonderful new eridic scheme which can only be operated in a country insulated, to the greatest extent possible, from the rest of the world. This strange belief colors the speeches of their leaders, and finds frank expression in the columns of their press. The Socialist conception of the control of external trade by import and export boards is just how Western Canada, which sells its chief product, wheat, to over sixty countries, is going to be fitted into a plan of national self-sufficiency, with international trade held down by state action to a minimum, has yet to be explained.—Winnipeg Free Press.

### THE OXFORD GROUP

Buchanan, as the Oxford group religious truth is tagged, has been put on the grill by an eminent divine who has watched the course of events attendant on the crusade across Canada. This divine is Dr. H. Stevenson, a Toronto physician and member of the United Church of Canada, who believes it a dangerous delusion and full of peril and who writes that 'the hallucinatory voices of the mentally ill, the spirit voices of our spiritualists, the guidance of the Oxford Group, are as closely related as children of the same parents, and the parents of these three unusual children are a sensitive, emotionally unstable personality in union with the longing for happiness in some other world than the one God has given us.' As Dr. Stevenson sees it, Buchanin is a refusal to use the intelligence with which God has endowed us. He lists these features of it as dangerous: 1. Centering the thought of the individual on sin in his own life. 2. The incubation of that most dangerous form of selfishness, morbid introspection. 3. Emotional orgies dealing with which might become almost a verbal form of sex perversion by 'sharing' them with others. 4. The emphasis on discontinuing the use of intelligence in our relationships with our environment, and substituting a purely emotional subconscious urging which the group regards as guidance from God. 5. The invitation to mental disorder by the insistence that one should listen to 'voices', even so many of the mentally ill as 7. A sustained indulgence in such emotionalism as may produce ultimately emotional exhaustion and still further warp the personality of the individual.—British Columbia, New Westminister.

### Bremerton Lumber Yards Are Swept By Serious Fire

Bremerton, Wash., Aug. 24—A fire which swept through an eight-acre lumber company plant late last night, endangering the whole north end of the city, was brought under control after a two-hour fight, with detachments of men from eight warships in the harbor assisting the firemen.

### Begins Flying At Age of 90

Wellington, P.E.I., Aug. 23—Canada's champion 90-year-old speed skater, Joseph Arsenault, is in the news again. Now he has a flare for aviation, and his friends would not be surprised to see the vigorous old fellow attempt to get a pilot's license.

## A NEW GOVERNMENT

When Mr. Herbert Hoover ran against, Mr. Roosevelt during the presidential elections there were few well-informed people who gave the ex-president much of a chance. They knew the United States was suffering from economic ills and they knew that America wanted a change. Of the result, we are all aware.

A parallel in our sister province of Nova Scotia, who placed the Liberals in power Tuesday. The complete results of that election were not known until late yesterday. Then it was known that the Conservatives only had a corporal's guard in a House where they held the reins of power for eight years.

The struggle was not clear cut. The Conservatives depended upon their record and election promises—the Liberals upon current unrest, more promises and the charge that the Tories had stolen many planks from their election platform.

Premier Bennett has chosen to remain silent upon the result. While Liberals are exultant, it is doubtful if the election in Nova Scotia will have much bearing upon the result at Ottawa, since there may not be a federal poll for a year, or even two.

The result, of course, increases interest in the forthcoming elections in British Columbia and Ontario, where a Conservative government is in the saddle.

## Do You Remember ?

From the Columns of the Free Press Fifty Years Ago

The locomotive is now running over the first bridge at Chase River. The bridge over the second slough will be completed in a few days, and the rest of the road is ready for the laying of the rails.

Sir Alex. Campbell left by the Dakota on Thursday for Ottawa, and Mr. R. Dunsinuir for San Francisco.

Press reports from Victoria are reading quite a lecture to the children of Nanaimo and Ladysmith for playing about the depots, much to the danger of themselves, and the annoyance of the train crews.

Mr. J. R. McKinnell left this morning to attend the meeting of the B. C. F. A. at New Westminster. He will represent Nanaimo-United.

The Napaimo baseball team are all ready for their game with Vancouver Elks tomorrow. Stickey will cover first base in place of Gardiner who has a fractured thumb.

**MOTOR LEVELS TAKE LEAD IN CUP SERIES**

**Galahds Defeated by Mechanics By 9-8 Score in Second Cup Game**

Unable to hold their two run lead, Galahds dropped a 9-8 decision to Motor Levels when the game was called in the end of the eighth, with Galahds leading. The win gives the Mechanics a one game lead in the series for the Wain and Bradshaw Cup.

Neither team showed a decided advantage during the first seven innings, and the Knights knocked the count four times before they finally "bored" their way to the eighth, and drew across a pair of tallies, as the Motor Levels stride faltered. Coming to bat, two runs down, last year's champs pepped up when Kilby pitched Thompson's long fly to left.

He advanced the runner and was safe at first on a pretty bunt, but was called out on a strike. Then Jarvis poked the ball to deep center and the two men crossed the plate, with the tie run. With one away and two on bases, Wilson won his own game with a single that drove Jarvis home. The next two men went out on flies, but the Mechanics won the match when Dupre Kilby called play at the end of the inning.

Kilby poked two hard hits for the Knights, a double in the sixth and a triple in the seventh. Watson had the breaks against him in the second inning when he slipped, losing ground third, and was caught at the plate on a line relay from the fielder who chased his long hit to center. Jerry led the winning batters with three safe bases. Watson had neither good day and got four strikeouts.

Although several miscues were made, some play judging was shown by players from both teams. Deaton Kufis and Watson looked some dandy for the losers, with Sandland Gremis and Rice playing well for the Mechanics. Wilson whiffed several Knights.

Some by innings: 013 010 12-8  
 Galahds 130 PH 03-9  
 Watson and Kilby, Hunter, Wilson and Dierdorf.  
 Empire Casual and Atkin.  
 The second game of the series will be played at the Central Sports commencing at six o'clock tonight.

**GYROS BAT WELL TO BEAT ROTARY BY FOUR RUNS**

Win Again Knobs Standing in Service Club Cricket League Here

SCORE 103-99

Once again Gyros cricketers surprised the experts when they scored a brilliant 103-99 win over the rotary Rotary club in a Service Club contest on the Caledonia grounds yesterday afternoon. The points were practically conceded to the Rotarians who needed the win to gain the Service League championship, but the Gyros won thanks to the standings of the Caledonia grounds yesterday afternoon. The points were practically conceded to the Rotarians who needed the win to gain the Service League championship, but the Gyros won thanks to the standings of the Caledonia grounds yesterday afternoon.

Battling first, the Gyros had four of their star batsmen dismissed on ducks, Cushman performing the last trick by doing so. Baker and Kennel followed a run. Filmer's dead-bowling disposed of the other star "Peaches" Piper.

Dudley and Burton started the Gyros' and when the former was put out, Dave Bradford partnered Burton on a brilliant stand. Peat coming in later also made a remarkable score and these three batsmen compiled 86 runs between them.

The Rotarians started off well with Pearson and Hichen performing first. The latter was finally caught by Pipet in the long field, after hitting out several boundaries. Cowman replaced him and scored 18 runs before he was caught by Kennel, opposition bowler. Jack Dudley, who caught Pearson off Burton evaded his retired Dudley on the same play in the Gyro inning.

Filmer ran his score to 27 but was finally caught by Baker at deep leg. With Creagh hitting heads and their sledge standing at 92 for six wickets, it looked like victory for the Rotarians.

However, Partington was distracted by a boundary, but he worked carefully to allow Creagh to do the scoring, the latter was out on one of Kennel's deliveries to Berry in the long off field. Foerster and Grant failed to compile any runs, and the inning ended at 99, four short of the Gyros' score.

Cowman bowled well for the losers to capture four wickets for 22 and Burton led the winning travelers with seven for 39. The scores:

**Gyro Innings**

Piper, b. Filmer	0
Berry, b. Cowman	0
Dudley, c. Pearson, b. Cowman	7

**SOUTHEAST CLUBS NEW ORGANIZATION**

Soccer, Basketball and Softball Teams Unite Under One Banner—Officers

A new athletic organization was formed last night when the Southeast football, basketball and soccer teams amalgamated under the name of Southeast Athletic Club. Mr. W. "Bill" Hunter, honorary president and life member; Jack Cottle, president; and A. Mercer, business manager and secretary, will guide the destinies of the club. Each team in the organization will be governed by its own officers and coaches.

No junior soccer team will wear Southeast colors this year, thus bringing to an end the career of one of the oldest teams in the province. For about 15 years, the club has had a representative in Mid-Island football, but reasons beyond the control of the executive make it impossible to continue this season. However, they hope to enter the race in the 1934 season and extensive plans were made for this at the meeting last night.

Southeast did well in basketball last year, although several members of the team had not participated in the game before. With the aid of a number of new local players, they hope to do better this year and anticipate entries in both Senior B and Senior C competition.

**ROAD FROM PEACE MAY GIVE OUTLET**

Would Construct Highway To Prince George As A Relief Measure

Vancouver, Aug. 24—Interest is being shown here in a project reported to emanate from the Peace River district which would build a highway of less than 200 miles from Prince George to some point on the East-West Peace River Highway, thus providing a motorway from the northern area to Vancouver.

Vancouver business men are supporting Peace River applications to the Dominion Government and to the Governments of British Columbia and Alberta that the road be built as an unemployment measure.

It is claimed Peace River farmers could market their products in Southern British Columbia by truck shipment over the highway, and take back fruit and other commodities now coming down a high price in that area.

**Island Softball Playoffs Open in Victoria Tonight**

Victoria, Aug. 24—The opening game of the Vancouver Island softball playoffs will take place this evening at the Upper Central Park when the Shawanigan Lake present title holders, tackle Macdonald's Service Station city champions, in the first of a two-out-of-three series, at 6:15 o'clock. Bob Whyte and Edgar Bory will handle the game. One of the biggest crowds in local history is expected to head for the local field to witness the battle. Elmer Evans will pitch for the visitors, while Chuck Turner will take the mound for Macdonald's.

**British Women Wed To Germans, Praise Regime of Hitler**

London, Eng.—The Berlin correspondent of the News-Chronicle asserts British women married to Germans declared for Chancellor Hitler at a meeting held here to attempt to show there is nothing antagonistic in the policy of the Nazi Government.

Fran Scharrer, an Australian by birth, said she was one of a group of British women living in Malsburg who decided much time ago to strive for correct take news and views about Germany appearing in Liberal newspapers in England.

Fran Schultze-Eysche of Canadian origin, and now living in Germany, said she had given herself the task of convincing visitors to Germany of the truth or most of the descriptions of German life published abroad.

The speeches ended with "Hail, Hitler" and were highly cheered.

Corporation of the City of Nanaimo.

CHANGE IN SPRINKLING HOURS

Until further notice the use of city water for sprinkling purposes is allowed only between the hours of 5 p.m. and 8 p.m. of each day. The sprinkling of streets or washing of sidewalks is prohibited at any time.

H. HACKWOOD, C.M.C. Nanaimo, August 23, 1933. 29-11

**AMERICANS HAVE FAITH IN POLICY OF MR. ROOSEVELT**

If N.R.A. Does Not Work President Will Try Some Other Scheme

**TARIFF PROBLEMS**

(This is the last of a series of three articles on the National Industrial Recovery Act, its administration and implications.—Editor.)

New York, Aug. 24—Operating under the National Industrial Recovery Act in the interests of the "New Deal" and supported by powers reached the levels of the economic structure of the country, President Franklin D. Roosevelt of the United States has adopted a tactic well-tried in the history of Anglo-Saxon peoples. The criterion of the continued and continual activity at Washington in organization of industry to spread employment and buying power is "does it work?" If it doesn't, Mr. Roosevelt has indicated something else will be tried.

The problem of rendering to the 130,000,000 people of the United States a degree of comfort and security to which they believe they are entitled by the wealth of the terrain they occupy, is rendered inconvincibly complex both by the elaborate structure of the economic structure they have set up and by the simple belief of every American that they have a chance to match his wits against the other man he will become a millionaire.

To overcome the first difficulty, Administrator General Johnson of the National Industrial Recovery Act has a staff of experts to assist him as well as the various departments of the government dealing with domestic economics. Helping to make the average citizen think collectively rather than individually are four years of depression, 12,000,000 unemployed, bread lines, municipal and state relief, bank closings and all the attendant ills of an unhealthy economic state.

Behind the question of money, spending, broadening of markets, lies the hopes of inflation.

With the rise in prices and in cost

**OYSTER USURPS SPINACH CLAIM**

Vitamins, Unspoiled by Cooking Make Bivalve Fine Food, Expert Says

New York, N.Y.—The oyster is a tidy tid-bit since ancient Rome—is usurping claims which made spinach famous, if arguments put forward by the oyster growers of the United States are to be interpreted correctly. Namely, oysters are "Good for you."

Scientific and expert information on the food value of the bivalve was imparted to delegates to the oyster growers and dealers' association of North America convention by Howard W. Beach, president of the association; Dr. Werner Bergman, of Yale University; and Dr. Dorothy V. Whipple, children's hospital, University of Pennsylvania.

Science will eventually put the oyster in its proper place as a most valuable food," Dr. Bergman said, "because, being one of the very few animals which is eaten in raw life form, unaffected by heat and air, it may be expected to have its full potency of vitamins and hormones."

Dr. Whipple found that vitamins A and B are not alone present in raw oysters, but that they lose potency only slightly in the cooking process. Vitamin A is the vitamin supporting vitality, and vitamin B is the one preventing nervous derangements and tending to promote growth and appetite.

Investigators for the association also claim the presence of vitamin C, the antiscorbutic vitamin.

of production under the N.R.A. there comes to the attention of Washington, the question of protecting home industries against foreign competition. Today the administration is considering the problem of tariff reductions in order to take care of an obvious result of its domestic policy.

President Roosevelt has an exceedingly happy touch in his appearances in person or on the talking screen, or in his addresses over nationwide hookups of radio.

The mass of the American people undoubtedly believe in Mr. Roosevelt and his quarter-back football tactics of which the N.R.A. is a big play. They are confident he will not only prevent disaster but make them once again a prosperous and democratic people.

**Government Will Not Abolish Commission. Declares Anderson**  
Regina, Aug. 24.—Intimation the Dominion Government intended to close down the Saskatchewan Relief Commission was branded by Premier J. T. M. Anderson as "ridiculous." The commission was responsible to the provincial government, said the premier.

Regarding the proposal the Dominion government administer the dried out section of south-west Manitoba, through the Saskatchewan Relief Commission, Mr. Anderson said the matter was still under advisement.  
He said Saskatchewan was ready to do this on condition the agreement between the Federal and Manitoba governments for cost payment be continued, and the administration cost be borne by Manitoba.

**Strike in Motion Picture Industry Settled by N.R.A.**  
Washington, Aug. 24.—The National Labor Board settled Hollywood motion picture workers' strike late yesterday, and announced workers would return to the studios immediately.

The action came shortly after the motion picture industry submitted its code to the N.R.A. Meetings were set for Sept. 12.

**NOTED AUTHOR "STILL LIVING"**  
Carolyn Wells, Given Two Years By Doctors Confounds Them All  
New York, Aug. 24.—Carolyn Wells' new story to die after all—not at once, anyway—given but two years to live, the noted author has confounded her doctor, reversed her field and settled down again to the "erratic career she started back in 1900."

"You may say," she declared, laughing, "that the event of my demise has been postponed about 22 or 32 years. Seemingly continued to quick death by what appeared to be a fatal heart ailment; the creation of agents of detection, the creation of the Patti books, the 'Pats' and 'Polly' stories, a 'Lovers' 'breakers'—and some 150 other popular works, found adventure and interest in the approaching event."  
"More than anything I liked immensely the attitude of my dresser, she related. 'I called her about a dress in which to be buried. Your white chiffon with the rhinestone trimming will be just the thing,' she told me. 'I'll run right over and cut off the trimming.'"  
"But my short sleeves," I protested. "Well, you can wear your cocktail jacket, too," she said.

"Wasn't it grand laying me out in a cocktail jacket? I just adored it. It was just better than a lot of sympathy."  
When she heard her sentence pronounced, Miss Wells said she felt no regret. "When I was told, I felt it was true. But I didn't really feel sorry—my life has been full and complete. I did wish to heaven, though I had fixed things up a bit more. But after I arranged my life, I don't know what to do. I turned around and the first thing I knew I was getting well."

**Foresters To Hold Medal Fund Dance**  
"Southeast Foresters, champions of B. C. first division juvenile soccer teams are holding a whist drive, social and dance in aid of their medal fund tomorrow evening in the Elite Hall and hope to raise sufficient funds to give each player a suitable token. A splendid evening's entertainment is promised to all who support the first Nanaimo juvenile team to win honors in the past six years."

**BOOTS PICKED FOR McLARNIN**  
New York Boxing Official Gives Names of Opponents For Jim; Brouillard  
New York, Aug. 24.—Canada's two wearers of world title crowns, Jimmy McLarnin and Lou Brock, will have small opportunity to gash their gloves in moth balls if they follow tentative schedule of bouts penned by Col. John Reid Kilpatrick, president of Madison Square Garden. McLarnin would defend his welterweight title against the fists of four leading contenders, under a program released today. Brouillard would pit his newly won middleweight honors against three top contenders in this class in addition to meeting the light-weight champion, Maxie Rosenbloom.

Kilpatrick would pit McLarnin against Young Corbett Third, the Italian who lost the welterweight title to Vancouver's Irish dynamiter in less than a round. Billy Petrolle, who has whipped Jimmy and in turn been whipped by the Canadian; Andy Callahan and 'Bep Van Klaveren, are the winners picked by the Garden promoter for shots at Jimmy's crown.  
Brouillard, native of St. Eugene, Que., would meet Marcel Tili, recognized by the National Boxing Commission as middleweight ruler; Teddy McAtee's parents, and Mrs. W. Lobley, for the past three weeks, returned to their home in Seattle this morning.

Mr. Don Sinclair is spending the day in Vancouver on business.  
**WORLD'S BIGGEST VAT**  
Ulm, Germany, Aug. 24.—A beer stall, claimed to be the biggest in the world, has been made by a local firm of cooperSmiths, for shipment to California. It is 12 feet tall and weighs 32 tons.  
**QUAKE REPORT ERROR**  
Managua, Nicaragua, Aug. 24.—Reports received in Mexico today that the Nicaraguan city of Leon had been damaged by an earthquake were wholly without foundation.

**MERCURY PAYS DIVIDEND**  
Calgary, Aug. 24.—Mercury Oil, Limited, has announced payment to be made December 1 of a dividend of one cent to five cents a share. To pay a three-cent dividend, over \$90,000 would be required.

**Welfare of Child Paramount, Avers Edmonton Jurist**  
Edmonton, Aug. 24.—In a recent case before the Judge, dealing in general fashion with a question of paramount importance to women—the custody of the child in a divorce case—

"All orders dealing with custody are subject to change at any time, where expressly made so or not, the circumstances or conditions have changed and the fact that a mother has been found guilty of adultery has many cases of our own courts will raise to the question of custody, and in no case that I can recall have I as a judge, refused a guilty wife access to her children. In all cases the paramount principle which the court must act upon is the welfare of the child."

**Schmelzing Returning For Bout With Baer**  
New York, Aug. 24.—Max Schmelzing, former heavyweight champion, will return to the United States next month for a match with Jack Sharkey in the Madison Square garden on October and a return bout with Max Baer in the Olympic stadium in Los Angeles, Feb. 14. His manager, Joe Jacobs, announced today.

Baer, now in California, scored a 1-round knockout over Schmelzing in June.

**Marconi "Gratified" Wireless Station Has Been Opened**  
St. John's, Nfld., Aug. 24.—Signor Guglielmo Marconi is extremely gratified to know a modern wireless station has been erected on Signal Hill, site of his earliest experiments in trans-Atlantic wireless telegraphy. Following the opening of the new Signal Hill station, the inventor of the wireless telegraphed, Premier F. C. Alderidge as follows:

"I recollect with keenest pleasure my associations with your earliest tests with trans-Atlantic wireless communication, and an extremely gratified to know that on the very site where those tests were carried out, a modern station is now installed embodying latest developments"
