SIXTY-FIRST YEAR

NEW ENTERPRISES
WILL KEEP ISLAND
BUSY IN WINTER

Building Program For Immediate Year Encouraging; Federal Plans Under Way
WHARF CONSTRUCTION
Part of Ottawa Grant May Be Spent on Necessary Island Road Work

Vancouver Island is in the midst of a mild industrial boom. From Qualicum comes news that a school for boys will soon be erected. Plans have been completed, and construction will take place in the near future.

At Port Alberni dredging of the booming grounds and filling in the site for one of the most complete sawmills on the Coast has been completed, and work will soon start upon the construction of the main building. The mill will be in full operation by next February.

Locally, the work on the \$165,000 Assembly Wharf should be under way within a few weeks. The wharf, which will be located at the south end of the harbor, is expected to also give the city some valuable industrial sites and attract new industry to Nanaimo.

A feature of the new Bebauung, adjacent to the wharf site is a refuse-grinding machine. The fuel thus made is finding a ready sale.

Sixty thousand feet of log-draw are conveyed to Brechin point from the Buck and Turner logging operations. Limited use by this concern will take seven years to log.

The \$35,000 log-draw building now nearing completion at the corner of Bastion and Skinner streets, will be ready for occupancy within a month.

In Courtenay, many new houses have recently been erected, and real estate is moving actively. The cemetery operated by A.M. R. Harrison has taken a considerable volume of local produce which is greatly in demand by retailers.

To the south, about Victoria, sums estimated at \$32,000 will be spent for various projects including the rebuilding of the Cameron Lumber Co.; the rebuilding of the Moore and Whittington Lumber Co.; the construction of a modern office building by the Federal government; further construction of the dockyards; additional accommodation at the Saanich Observatory, and a fine new hotel at Oak Bay.

Further, it is anticipated that part of the million dollar Federal grant will be spent on Island roads.

Moisture Bomb Brings Rain To Parched Land
Waxahatchie, Tex., Aug. 27.—James Rose, professor rainmaker, shoyed his "moisture bombs" into a mere cloud here Saturday, pointed it toward a threatening storm in the heavens, let it fly,—there was rain.

Boze said immediately after the release of his pilot, Wilfred Bottelbach, that he would take 600 bombs into the air and release them in an effort to flood the drought-ravaged area.

Jail Break Made By 11 Prisoners; Three Recaptured

Chattanooga, Tenn., Aug. 27.—Eleven prisoners took charge of the Hamilton County jail today, imprisoned on the air and released them under a fusillade of shots from officers. Three of the 11 were recaptured.

MANY HAPPY RETURNS
Birthday greetings are extended to the following readers:
John Wilms Dandy, 7; Georgina Wilkinson, 7; Faye-Claire Lane, 12; Mervyn Bunt, 13; Harry Stephens, 14.

The Weather
Forecast for 36 hours ending five p.m. Tuesday, Nanaimo and vicinity: Light to moderate winds, generally fair and cooler.

The Temperatures
Nanaimo, for 24 hours ending nine a.m. today: Maximum 85; minimum 54.

Tuesday's Tides
High water, 8:01 a.m. 11.8 feet; 7:50 p.m. 12.9 feet.
Low water, 1:43 a.m. 3.5 feet; 1:41 p.m. 5.5 feet.

NUMBER 113

Tokyo Gov't Blames Third International For Intrigues

Tokyo, Aug. 27.—The Japanese Government charged today the Third Internationale is responsible for fomenting from Moscow intrigues against Japan involving train wrecks in Manchukuo on the Chinese Eastern Railway.

This was the latest blast in the conflict of propaganda Japan and Manchukuo are waging with the Soviet, while each party avails signs of the other's weakening in deadlocked negotiations for Japan's purchase of the railroad from Russia.

A Foreign Office spokesman said 30 Soviet employees of the railroad arrested in Manchukuo "will be tried in two sets on charges of train wreckings and intrigues against Manchukuo and Japan, at the behest of the Third Internationale."

Cost of Education Too High, B.C.M. Brief Says

Education Not Sacrosanct, Says Document in Part; Want Salaries Paid?

Vancouver, Aug. 27.—An overhauling of the British Columbia financial structure with relief of real estate taxes and increases in income taxes as the objectives is urged in a brief prepared by the executive of the Union of B. C. Municipalities for presentation to the School Finance Commission.

"While education is a highly important public service, it is not sacrosanct," the brief reads in part. "Dangerous results will ensue if this service is carried beyond the proportions warranted by a reasonable and equitable system of public finance.

"Further reduction in government subsidies, including the cost of education, is essential. The conditions of the times compel an emphasis on curtailment of public expenditure.

Education, like all other public activities, must of necessity follow the general trend. Perhaps the most efficient thing that can be done at the present time is to balance the public budgets. One service alone cannot be maintained at past standards regardless of the reaction on services as a whole.

The financial independence of the school boards and their power to demand money from municipalities, regardless of decreased revenues, is condemned by the report. The regulation is called "one of the most objectionable provisions" of the School Act.

"So far as can be ascertained, no other province in Canada gives the school boards so much financial latitude as British Columbia."

The report suggests an investigation into teachers' salaries with a view to reducing expenditures.

Chinese Settlement At Chilliwack Razed By Mysterious Fire

Chilliwack, Aug. 27.—Eight of nine large buildings in the Chinese settlement, a mile west of here, were completely destroyed by fire of unknown origin today, and although no lives were lost, dozens of Chinese residents lost their homes.

The settlement, being outside the city limits, was without fire protection. The only building saved was the Chinese Masonic temple, erected two years ago when the former temple was destroyed by fire. Civic authorities and charitable organizations were appealed to in an effort to secure temporary assistance for the homeless people.

Telephone service was disrupted when poles burned down.

BODIES OF FLIERS ARE IDENTIFIED

Seekers For Missing Comrades Found Death on Shore of Lake Winnipeg

Winnipeg, Aug. 27.—Bodies of George Mackie and Len Blackwell, fliers of the Northwest Aero Marine service and missing for the past ten days, lay in the morgue here Sunday. Culminating a search over a wide area 100 miles northeast of here along the eastern shores of Lake Winnipeg the bodies were identified last night at an inquest at Pine Falls. Many into the crash of their plane. The inquiry stands adjourned for a week. Both Mackie and Blackwell were on the search for two others in the service of the Northwest Aero Marine—Charles Scarr and E. L. Smith. Both Scarr and Smith were found after their plane had been crashed in a bog near another pilot of the Northwest Aero Marine, and Wilfred Fair, his mechanic, and three others from Pine Falls, Man., were lost for four days in a launch as they participated in the search for Mackie and Blackwell. The fire were found late Saturday.

Two Injured in Taxi Cab Crash

Vancouver, Aug. 27.—Two persons are in hospital here today, one in serious condition, after being involved in the collision of two taxicabs at the intersection of Caldero and Nelson streets last night.

Adele Jeffrey, 12, suffered severe cuts about the face and head from flying glass and is in a serious condition due to loss of blood. Miss Laura Innes, also cut by flying glass, received bad cuts about the arms and neck, her condition however, was reported as fair.

CRICKETER ILL

London, Aug. 27.—E. H. Bromley, one of the younger members of the Australian team that captured the "Ashes" in the season's test cricket matches, was successfully operated on for appendicitis today.

Australia Will Stand by Newest Cotton Duties

Melbourne, Australia, Aug. 27.—(CP Cable via Reuters).—The Australian cabinet, it was officially stated today, has decided to stand by the new cotton duties despite the strong protest raised by the Board of the Lancashire cotton industry, which charges the duties are a breach of the spirit, if not the letter, of the Ottawa pact between Australia and the United Kingdom.

Alterations in the duties could only be effected by parliament and parliament is dissolved pending the general elections Sept. 15. Apart from this however in cases where hardship would be caused the cabinet will consider additional goods, providing they are entered for home consumption, at the old rates up to Nov. 11.

COLUMBIA RIVER HIDES FATE OF RELIEF WORKERS

Fire Believed Drowned When Cage Acre Struck Falls Into Waters
ONE SAVED

Revelstoke, Aug. 27.—Searchers examined the shore line of the cold, rushing Columbia river today in the hope that there may be survivors from among five men believed to have been drowned yesterday.

The five, and one other, were plunged into the stream as they sought Sunday afternoon in a thrilling ride by cable cage across the dangerous waters. The cable broke and only Roy Palmer, Winnipeg, managed to reach shore. The others were swept away.

Two were seen endeavoring to reach shore about 400 yards down stream, and upon this is based only a very slim hope that one or more may have escaped. Failure by police in boats and on shore to find trace of the five made it unlikely that any were saved.

The six men were employed in the relief camp at 10 Mile on the Big Bend Highway and the accident happened on the cable cage used by the British Columbia forestry department.

The missing are: E. C. McDonald, 23, Chaham, N.B.; George Bailey, 22, Mrs. G. Bailey, Montreal; H. Davis, 31, Mrs. F. Davis, Montreal; A. W. Morrow, 18, Vancouver, and Joseph Wall, 19, believed to have come from Alberta or Saskatchewan, exact address not known.

Police in Boats Fail To Find Trace of Those Swept Away

Washington, Aug. 27.—The strike committee of the United Textile workers, with plans completed for a general strike in the cotton textile industry on Sept. 4, today began preparations for a similar walkout in the silk, rayon and woolen industries.

Francis J. Norman, chairman of the strike committee, said it was highly possible the walkout of silk, woolen and rayon workers would be simultaneous with the cotton strike.

Washington, Aug. 27.—The Labor Relations Board apparently is ready today to intervene swiftly to avert a convulsion in the gigantic United States textile industry.

The board watched closely as strike leaders in north and south, acting on secret instructions from the United Textile Workers here, they said may eventually involve 800,000 workers.

Authoritative information is that the secret order sets the date of the walkout as Sept. 4, the day after Labor Day. Other sources, however, hold the strike will be called on or before next Saturday, the original "deadline."

Meanwhile at Butte, Mont., John P. Frey, secretary-treasurer of the metal trades department of the American Federation of Labor, announced a large majority of crafts in Butte, Anaconda and Great Falls had approved an agreement between their union officers and the Anaconda Copper Company to settle the copper mining strike in this state.

CRUISER CLOSED TO VISITORS AS CREW PREPARES FOR INSPECTION

H.M.S. Danae, Captain Knox-Little, R.N., arrived at Departure Bay at midnight Saturday, and proceeded to Nanaimo during the morning to drop anchor in the stream at seven o'clock. The Danae was detained by fog in the north, and was originally scheduled to arrive in the harbor at 5:30 p.m. Saturday.

The cruiser was officially welcomed by His Worship Mayor J. Easby and civic officials, who boarded the craft at 9:30 Sunday morning. The party was received by Lieut-Commander H. Clansky, R.N., in the absence of the captain, who is indisposed.

"You are very welcome to Nanaimo," said the mayor.

Sweeping Wage Laws Made By Province of Ontario

Ontario's legislative machinery today in the process of putting into effect new minimum wage laws, sweeping in character. The proposed legislation, virtually amounting to codification of wage scales in all industries, appeared as the most extensive program yet undertaken by any Canadian province.

The Ontario regulations would permit the government to fix hours, wages and working conditions if employers and workers, meeting in cooperation, failed to formulate a code. The laws would apply to all men and women regardless of age; to skilled workers and many of those previously classed as unskilled.

A program similar to that proposed in Ontario previously was adopted by the government of Premier T. D. Pattullo in British Columbia and is being put into effect by the newly-established Board of Industrial Relations.

Minimum wage provisions as applying to women in Quebec have been gradually broadened during recent months to take in more industries. Changes in that province have been mooted recently but as yet no definite action has been taken.

In Nova Scotia there are minimum wage laws for women only and no changes are contemplated.

Similarly in Alberta the laws apply only to women workers except in the event of a man replacing a female employe in which case he must be paid the same minimum wage as his predecessor.

Minimum wages in Saskatchewan, applying to women and girls only, were adjusted downward. For those receiving less than \$13 a week the rate was cut by 10 per cent and for those receiving more than \$13, by 15 per cent.

Manitoba's regulations, supervised by the Minimum Wage Board, set wage scales and working hours for men and women, adults and children. The act specified a rate of 25 cents an hour for adult males in all industries.

Textile Trades Strikes Threat To U.S. Industry

Big Fire Breaks Out in Chicago At Armour Plant
Chicago, Aug. 27.—An 11-fire alarm shortly after four o'clock today called dozens of pieces of fire fighting equipment into the packing town.

Early reports declared the blaze had broken out in the huge plant owned by Armour & Co.

"DANA" WELCOMED BY CIVIC PARTY

Cruiser Closed To Visitors As Crew Prepares For Inspection

H.M.S. Danae, Captain Knox-Little, R.N., arrived at Departure Bay at midnight Saturday, and proceeded to Nanaimo during the morning to drop anchor in the stream at seven o'clock. The Danae was detained by fog in the north, and was originally scheduled to arrive in the harbor at 5:30 p.m. Saturday.

The cruiser was officially welcomed by His Worship Mayor J. Easby and civic officials, who boarded the craft at 9:30 Sunday morning. The party was received by Lieut-Commander H. Clansky, R.N., in the absence of the captain, who is indisposed.

"You are very welcome to Nanaimo," said the mayor.

"MONTY" STARTS A COFFEE STALL

Lord Edward Starts in Business With Five Dollars, and Makes Four More

London, Aug. 27.—Lord Edward Montagu, second son of the Duke of Manchester, the Expres said today, is running an outdoor refreshment stall at Maidenhead, famous Thames riverside resort, where there are many country clubs.

His "coffee stall" is mounted on the chassis of an automobile, from which he serves coffee, hot drinks, sandwiches and sandwiches. Most of his patronage is from taxi drivers and chauffeurs who bring children to Maidenhead from London.

Lord Edward, who is 28 and a former rancher, by the Canadian west, told a reporter he started his business with about \$5 in cash Saturday and made four dollars within 24 hours. He hopes to start a chain of stalls, he asserted.

"I think this is better than the 'French Foreign Legion,'" said the young nobleman, who early this month went to France to join the French Foreign Legion, only to change his mind at the last moment.

Edmonton, Aug. 27.—Latest financial enterprise of Lord Montagu, who was reported from London as having set up a luncheon wagon, and whose wife is a resident here, has received with no little interest by friends here today.

His friends here are still hoping to solve the mystery of his reported abandonment of his scheme to join the Foreign Legion, because he was hurried to London "to get married."

"Tim Knows Too Much," Says Wife of Red Leader

London, Ont., Aug. 27.—Mrs. Alice Buck, wife of Tim Buck, leader of the Communist party in Canada, charged in a meeting tonight Buck had not been released from prison for fear of what he would tell.

DID YOU KNOW THAT?

Robinson, Mary left hall in last night's soccer match, was due for a trial with San Francisco, Toronto, joined the navy? Evans, the Canadian, had a similar chance with Cardiff.

10 Commercial St., Nanaimo, B. C.

THE 524

In France they are building a new 73,000 ton liner the Normandie, with a possible speed of 30 knots. The French craft will cut the Atlantic crossing time to four days or less.

The Normandie will compete with the new SS. *Albatross* being built at Clydebank, Scotland. The *Carandier* is also a 73,000 ton craft, and will be launched Sept. 26 by His Majesty. This miracle of British shipbuilding will also cross the Atlantic in approximately 5,000,000,000.

Length of the vessel will be 1,018 feet, the height to the masthead 250 feet. It will have 11 decks—the first class promenade being 75 feet long. There will be 2,000 portholes, some two feet in height.

So great is the ship that the Clyde has been widened and deepened for the launching, at a cost of \$400,000.

The giant craft will be more than 70 feet in height—the other two lower. They will be 30 feet in diameter, exceeding that of the Holland Tube, the world's largest, between New York and Jersey City, at 26 inches. So powerful are the engines (powered by oil, by the way), that they will generate 200,000 horsepower—enough to tow Staten Island across the Atlantic. Steam will be generated in 27 gigantic boilers.

Propellers measure 20 feet from tip to tip and weigh 35 tons each. Steadiness of the vessel will be guaranteed by a new gyroscopic device, which will keep the craft steady in the stormiest weather.

The electric lighting system will be sufficient to service a city of 150,000 people, such as Jacksonville, Fla. Electrical wires used would reach from San Francisco to New York and then 400 miles out to the Atlantic.

These are some of the features of the SS. They are being practically duplicated by the Normandie. There will be a thrilling battle for the supremacy of the Atlantic, now held by the German liner Bremen, this coming year. The German line hopes to retain the blue ribbon of the Atlantic for years before by their crack craft the Mauretania.

The Mauretania, huge though she is, will be dwarfed by the new British giant, whose projected deck is only 35 feet less than the length of the vessel.

It is said, in well informed circles, that the SS will be named the Victoria, after the great queen. But that will not be known until next month.

Do You Remember?

(From Columns of the Free Press)

Fifty Years Ago
Mr. W. E. Webb, of the Nanaimo bakery, has pulled down his old building on Victoria Crescent, replacing it with a more modern structure. The old original bakery, one of the city's landmarks, was erected about 25 years ago, on the side hill with a long flight of stairs to the front entrance.

Twenty-Five Years Ago
Among the new arrivals in the city from the Old Country are Messrs. Henry Brown, Isaac Armstrong, David Beck and Preston Bruce. They made the journey in 32 days from Liverpool.

Ten Years Ago
For the boxing tournament which Tommy Moore intends staging in Nanaimo, the following entries have been received: T. Pollett, 128 lbs., Nanaimo; J. Knight, 137 lbs., Nanaimo; H. Jones, 150 lbs., Cumberland; W. Edmunds, 150 lbs., Nanaimo; "Scotty" Clark, 130 lbs., Nanaimo.

Pirates Who Held British Steamer Are Now Soldiers

Shanghai, Aug. 27.—The pirates are soldiers now. That has fate dealt with 60 Chinese marine marauders who were promised a firing squad for creating an inter-racial incident two months ago. The pirates holdy capture and kidnaped six British subjects and 18 Chinese.

The pirates were frightened into freeing their captives and lost most of the loot they unloaded from the steamer, but the "payoff" is that they have been taken into the Shantung provincial army.

A "sweeping" search for the kidnapers was ordered when Great Britain and the United States became aroused.

Know Nanaimo!

- Under what conditions does the Nanaimo Fire Department operate?
 - How was Nanaimo's transportation facilities?
 - What red snow is found north of Nanaimo?
- ANSWERS TO SATURDAY'S QUESTIONS
- Garbage is handled by city forces, and a permit is required for the use of a horse-drawn cart for garbage, and the matter is placed on recognized dumps. Collections are made by the city, and the money goes to owners on the tax bill.
 - The City has a five-year agreement with the Nanaimo Electric Light & Heating Co. Ltd. The main source of the water supply for the City and part of the adjoining district is secured from the South Fork of the South Fork of the Nanaimo River, approximately 15 miles from the city. A series of these questions will run daily.

WORLD OPINION

The question before us is not whether the Free Press is necessary, but whether it is necessary for the advancement of the Nanaimo Free Press.

A NECESSARY WARNING

A letter on the part of those who have authority to sell beer is going to have serious consequences. The time has come when the dispenser of beer, to take care of his own place with his own hands, must not be permitted to permit to curse and swear at the top of their voices, so that "smaller" boys going by the doors hear them, they must go down the sidewalks to the annoyance of our women and children. It is to be hoped that the dispensers will keep shop now that they have an opportunity to keep shop.

PROPAGANDA?

Lord Beaverbrook, in the Daily Express, has taken up the cudgels on behalf of New Zealand and the other self-styled exporters of the Empire against quotas, emphasizing the increase in foreign importations. According to his figures, the rate of increase in foreign imports has been much greater than that of the Empire supply. The statement that the Bible depends, for its authority, upon certain facts in its nature is false. The books of God, Nathan and Jasher are only referred to, to confirm certain truths, the importance of which can be seen in the following Scriptures that give mention of those books [Joshua 10:13, The Sun and moon stood still in the battle of Gibeon, 1 Sam. 1:18, A'so he bade them teach the Judahites the use of the bow; behold it is written in the Book of Jasher, David the King first laid Jasher, they are written in the Book of Nathan the Seer, in the Book of Gad the Seer, 2 Chron. 9:29. The rest of the acts of Solomon are written in the Book of Nathan the Prophet.]

ASPARGUS

Asparagus was esteemed as a vegetable between Greece and Rome were at the height of their glory, and is so popular today that canneries have been contracted for 240 tons of it in the St. Catharines district alone. The name, a Greek one, has had various forms in English and in the 18th century the corruption "sparrow grass" was popularly used. While this use would today be considered a sign of ignorance, Walker's Dictionary said in 1791: "Sparrow grass is so general that asparagus has an air of stiffness and pedantry." On the steps of Russia this plant grows wild in such profusion that the catfish eat it like grass.—Toronto Star.

CHURCHES OF CHRIST, SCIENTIST

"MIND" was the subject of the Lesson-Sermon which was read in all Churches of Christ, Scientist, on Sunday, August 26th. The Golden Text was: "Who hath been the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things: to whom be glory for ever" (Romans 11: 34, 36). Among the citations which concluded the Lesson-Sermon was the following from the Bible: "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12: 2).

The Lesson-Sermon also included the following passage from the Christian Science text book: "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortal access to broader and higher realms, and raises the thinker into his native air of insight and perspicacity" (p. 128).

The pirates were frightened into freeing their captives and lost most of the loot they unloaded from the steamer, but the "payoff" is that they have been taken into the Shantung provincial army.

A "sweeping" search for the kidnapers was ordered when Great Britain and the United States became aroused.

CORRESPONDENCE

(The Free Press welcomes correspondence on all matters of general interest. Letters should not exceed 250 words, should be written on one side of the paper only, and should be signed by the writer. No anonymous letters will be used if wished. Opinions published by the Free Press are not necessarily those of the paper.)

REPLIES TO HERALD

Editor Free Press: Sir,—In reply to the Herald of Sunday morning I would like to state that I myself imparted the information to your reporter re the renovation of the Princess Rink and if our learned friend of the Herald would care to come and see for himself, if this is not being done. As for the showers being put off, I would like them in now, as we sure need them after 25 years of dirt accumulating there.

It seems that certain element think that if they do not know of these things being done it is not so. But come up and see-us some time and you can find out for yourselves. Thanking you for the space.
F. RICHARDS,
Princess Rink Rink.

B.-I. REPLIES

Editor Free Press: Sir,—The purpose of Caxhal Thinker's letter seems to be that of discrediting the Bible. And the seasons submitted are both illogical and untrue. The statement that the Bible depends, for its authority, upon certain facts in its nature is false. The books of God, Nathan and Jasher are only referred to, to confirm certain truths, the importance of which can be seen in the following Scriptures that give mention of those books [Joshua 10:13, The Sun and moon stood still in the battle of Gibeon, 1 Sam. 1:18, A'so he bade them teach the Judahites the use of the bow; behold it is written in the Book of Jasher, David the King first laid Jasher, they are written in the Book of Nathan the Seer, in the Book of Gad the Seer, 2 Chron. 9:29. The rest of the acts of Solomon are written in the Book of Nathan the Prophet.]

These are all the references to this old literature, and they are books of history, the important contents of which are also to be found in the Bible. The inference is that God, first revealed in the first chapter of Genesis as a Brooding Spirit, and in the second chapter as a material man of much lower character, who walked in the garden in the heat of the day, is untrue. In Gen. 1:2, it says: "And the Spirit of God moved upon the face of the waters, and in Gen. 3:8, And they (the man and woman) heard the voice of the Lord God walking in the Garden in the cool of the day." We read in Ferrar's Pentateuch his translation in Modern English Gen. 1:2, But the Breath of God vibrated over its fluid face. Then in Gen. 3:8. They then heard the sound of the Everlasting God moving in the garden. A comparison of the above Scriptures will prove that there is no contradictory statements about the Personality of God.

Your correspondent asks: Who is to guarantee the truth of the Book (Bible). The truth of the Bible is proved by the fulfillment of its prophecies (old and new) about ninety per cent of which has already been fulfilled and the rest is in the course of fulfillment.

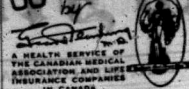

Concerning the destruction of the Spanish Armada, we maintain our opinion that God intervened on behalf of Israel-Briton and England at that time commemorated the victory with a medal inscribed with the words: "God blew with His winds and scattered them." God's will and purpose concerning Israel must be accomplished, and whoever will not bend to Divine Will, must be broken. (see 2 Samuel 7:10). Moreover I will appoint a place for my people Israel, and will plant them that they may dwell in a place of their own, and move no more; neither shall the children of wickedness afflict them any more as before time.

SECRETARY,
British Israel Association.

PRaises TRACK MEET

Editor Free Press: Sir,—I am looking forward to the Labor Day Track and Field Meet. I have never missed one. When my two boys were alive, of course I loved to see them run and at the meet, after they were lost, Nanaimo (and such a splendid tribute to their memory) I feel I must never miss meeting the Y.M.C.A. boys and that although a distance away I would do all in my power to help the Native Sons, to make the meet more popular every year I live. I hope all the Nanaimo boys and girls will take the opportunity to train and compete in the events. Clean sport is the finest thing in the world for boys and girls, giving them healthy bodies and helping to bring out all the good in their characters.
GEORGE ALDOUS,
31 Taid. Day or Night, J. Boris.

BOARDED MILLION FOR B.C. HIGHWAYS

Money Will Be Used Almost Entirely For Repairs, Says MacPherson

Victoria, Aug. 27.—B. C. will spend its latest borrowed million in road work distributed among all areas, to the exclusion of new mileage, Hon. F. M. MacPherson, said today on return to his office from a tour of the north.

The province already has 19,800 miles of highways and lesser thoroughfares, the Minister of Public Works pointed out, but the maintenance of this huge network was an acute problem in itself, without adding additional mileage. The desire of the province is to place a permanent surface on the more travelled sections of these roads, when money is available.

Out of the \$1,000,000 to be borrowed from the Federal authorities it is expected that a certain amount of improvement can be done, but this will be split up among existing roads in nearly all ridings.

BABY SLEEPS

Babies try become crying in one of the few ways they have of expressing their feelings, or of securing the attention they need. Just how often or for how long a baby will cry will depend upon a number of things—the new-born baby usually sleeps most of the time, waking only to be fed and then going off to sleep again. As the child grows older, he sleeps less, and if he is to sleep throughout the night, then he must be trained, from the beginning, in the habits of feeding, elimination and bathing. It is much easier to establish the proper habits from the first than to have to correct bad habits later on.

The baby will not sleep regularly unless he has daily habits which are good. The baby will be extended to bed-time, bathing and elimination. It is helpful to the child's development to have these habits established early so that they become second nature to him, requiring no attention, and leaving him free to develop other activities.

The baby who is upset when feeding time comes is apt to swallow a great deal of air with his food; this may mean that he will not secure enough nourishment and the result is a restless sleep after such a feeding. Holding the child over the shoulder and gently patting his back helps to expel the air from the stomach.

Keeping him warm enough, but not too warm, and turning him so as to give him a change of position, encourage sound sleep. The baby has not the same ability as the adult to adjust the body temperature, hence the importance of providing just the right amount of clothing just the right amount of covering, depending upon the temperature. The baby who is over-clothed is irritable and restless because he is uncomfortable.

Colic gives rise to severe pains; it is due to an irritation of the bowel from some cause. The baby with colic usually lies with his legs drawn up, and the pain gives rise to piercing cries. Bowel movement gives relief, and the baby will be willing to take some food.

A cold in the head not only interferes with breathing, but, in the case of the baby, it interferes with his suckling, so it is to be expected that his sleep will be restless if he has a cold. Fever is another cause of the same trouble. As previously stated, the control of body temperature is not well established in the baby, and so babies run high temperatures very readily.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

HEAVY AGENDA FOR INSURANCE HEADS

Association of Superintendents To Convene in St. John In September

St. John, N.B.—A heavy agenda touching all branches of the insurance business awaits the 17th annual conference of the Association of Superintendents of Insurance of the Provinces of Canada. The conference will be held at Saint John from September 11 to 14. R. P. Hartley, K.C., deputy attorney general for New Brunswick, who supervises insurance in this province, is president of the association.

CLINORE BARRY

THE STORY SO FAR: Joyce Ash, a stenographer, in a sudden accident in Chicago, suffered loss of memory. Two years later she woke one morning after a fall from her horse to find herself, under the name of 'Fruit packer', in a small town in California. She determined to tell nobody of her predicament but set about learning who she could be her life in the interval. From the conversation of her friends and letters in her desk she gathered that she had been a young, pleasant, pleasure-loving woman. One letter that troubled her was from a woman signing herself Sophie, blaming Frills for not giving a home to a baby. She was starting for California to be her baby. Frills wondered. She also found herself involved in an affair with a man named Mainland in San Francisco, where she went while her husband was away on business. She met Robert Alway, a poet whose work she had admired. When Joyce returned home she discovered that she was married to Frills had been. But this line was dangerous, to for Frills' love, she associated with Frills' love, she associated with Frills' love, she associated with Frills' love.

NOW GO ON WITH THE STORY

At last they were all gone, and Packard, closing the front door, came back to the living room and looked at the lights. He yawned widely. "Gee, I'm sleepy. Got to be up early tomorrow, too. Going to bed, now Frills?" he asked, pausing with his hand at the light switch. "Yes, I am," said Frills. She couldn't see the words out of his mouth so she said casually: "Turning, she went upstairs, closely followed by Packard, who switched on the bedroom light for her.

"I sure have missed that sleeping porch. Seems as if I've never had real air in those hotel rooms," remarked Packard when they were in the bedroom. "Once you get used to sleeping out anything else seems stinky."

This hardly seemed an appropriate time to announce that she had decided to sleep in the house hereafter and Joyce, in an agony of embarrassment and indecision wandered over to her dressing table where she sat down and lighted another cigarette.

He would only go to his own rooms and let her alone! But Packard lingered taking off his tie and unbuttoning his shirt while he talked. He went off to finish his shirt and Joyce, catching sight in her mirror of the white top of his sleeveless under-vest felt a wave of color burn her face and she sat rooted to the spot. To her great relief, however, he went off to finish his shirt and Joyce, catching sight in her mirror of the white top of his sleeveless under-vest felt a wave of color burn her face and she sat rooted to the spot. To her great relief, however, he went off to finish his shirt and Joyce, catching sight in her mirror of the white top of his sleeveless under-vest felt a wave of color burn her face and she sat rooted to the spot.

"Well, wait a minute. I'll fix it," she returned, and holding her silk comb in her hand she looked at her emergence from the closet, found the cake of soap innocently lying on the blue carpet, picked it up, and entering the bathroom, thrust it into Packard's hand. He stretched and then she turned hurriedly and left the room in a turmoil of emotions.

"I wish he'd hurry," she murmured, with a sigh of relief that that awkward moment was over, though her heart still thumped violently. "I'm tired. If that shower didn't have a class door I'd go and take a bath now. I simply can't do it, though."

He sat down again and listened anxiously. Presently she heard him, rubbing himself vigorously and a few minutes later he appeared in the bedroom in blue pajamas and slippers, his hair slicked up in a damp rumpled confusion. How funny a man looked without a collar, she thought, and the pajamas seemed so loose and baggy! Loxing her eyes she went past him into the bathroom. She shut the door after her and very quietly and carefully turned the latch that locked it.

When she opened the door again she found the bedroom empty, but from the porch Packard implored her, "Say, Frills, bring me a glass of water, like an angel, will you?" Joyce wanted to retort crossly, but her naturally obliging disposition automatically asserted itself and getting up she went to the sleeping porch which he had indicated. The moon made it light enough however, to see Packard's face vaguely.

He sat up in bed and took the glass that she handed him. As he did so she said hastily, "Good night! I'm going to sleep inside for a while." She turned away as she spoke, but she scarcely finished the sentence before Packard put down the glass and jumped out of bed. He stopped her at the door and drew her into his arms, not roughly but with a gently firm movement which she could not evade.

UNION STARS
DEFEAT DANAE 3-2

Three Goals in Second Half Brings Victory To Local Footballers

Registering three goals in the second half, after being on the short end of a 1-0 score at the interval, Nanaimo's Junior All-Star soccer eleven took a 3-2 victory from a snappy squad of sailors representing H.M.S. Danae, at present on a goodwill visit to this city.

The game was as good as most that are seen here during the season. But one thing met the fans' approval: That was the excellent refereeing display given by L. S. A. Matthews, of the British warship. He followed the play closely, and kept the teams, especially the local, were checked constantly for their offside tactics.

All-Stars kicked off and a pretty combination play by Sandland, Tantrum and Gannon was only broken up at the goal line.

The Salles had the better of the attack in the initial half, keeping Naylor in constant action clearing dangerous shots at his goal. Midway through the half, one of the Navy crew handled the ball in the penalty area but Tantrum deliberately booted it out of his spot kick.

The visitors repaid the compliment a few minutes later when a similar play occurred in Nanaimo's danger zone. Evans mad no attempt to score.

Tara Combine Well
Rickerby, Navy right half, paved the way for the first goal of the match late in the period, when he lobbed the ball to his centre, Evans, in front of the Nanaimo goal. Evans lifted the ball over Naylor's head to give his team a 1-0 edge.

Baird skinned the upright at the other end just before the changeover and Naylor stopped a nice shot from the inside left before the teams left the field at the rest period.

By way of opening the second half, Jimmy Tantrum put the teams on even terms soon after the whistle, when he accepted Baird's pass in front of the goal and then secured the custodian out as he shot for the opposite corner.

Midway through the half, Muir took a foul kick, lobbing the ball to Baird, who in turn gave it to Tantrum. Baird's first shot was deflected into the Salter's net, giving the local edge the lead for the first time during the game.

Addison's Great Race
Features Track Meet

Margaret Thompson Flashes To Fine Victory in Century Dash for Women

Victoria, Aug. 27.—Vancouver, Victoria, Nanaimo, Chemainus and Dunstan athletes vied for honors at a successful track and field meet, staged here Saturday afternoon under the direction of Coach Archie McKinnon of the Y. M. C. A.

The feature of the meet was Joe Addison's great race in the half mile. Taking an early lead, the Empire-Gann star stayed out in front all the distance and won with comparative ease from his climber, "Chuck" Cunningham. Hugh Thompson of Nanaimo, finished third.

Paul Rowe, flashy Victoria runner, captured honors in the 220-yards event, making out the best victory, Forbes, of Vancouver, H. Thompson, of Nanaimo, was a close third.

Showing her heels to the remainder of the large field, Margaret Thompson, red-headed Huds City sprint star, easily outdistanced all with the women's 100-yards dash, finishing seven yards in front of Virginia Hall, speedy Y.W.C.A. ace. Yvonne Dingley, Duncan, was third.

"Chuck" Cunningham, veteran distance man and holder of Island and B. C. records, scored an impressive victory in the mile, finishing 40 yards in front of C. Kilner, Nanaimo runner. Porters Chemainus, was third.

Cunningham set an early pace, with Kilner, but he won't believe me, but every word I say is true. "He was just a kid who'd been given a berth on the best team in his town. On the square with him were a number of seasoned veterans."

"And this kid had as fine a collection of football knowledge as ever I did see. But he spelt his play by being too anxious to make good."

"Well, what with my players and manager all so young, you thought the kid began to get discouraged. "He came down to where I was working in the mine one day and he was looking pretty blue."

"What's the matter, kid?" I asked. Finally with tears coming through the coal grime on his face, he told me the story.

Danae Representations 9-0
Match To Nanaimo by 34

Nanaimo cricketers defeated H.M.S. Danae yesterday, 9-0, in a well played match at the Cadboro Grounds.

Sailors batted first, living two wickets for 10 runs. Middlemarch, Munro gave a polished display, bowling 40 runs, in six innings of perfect control before putting an off ball from Leighton into his wicket.

The remainder of the side well disposed off by Leighton and Boylan, the former taking five for 30 and Boylan three for 4.

Stary and Vancouy opened for Nanaimo, Sharp being given out after scoring five runs.

Newbury and Boylan made a third wicket stand, scoring 100 runs to 4 before Stary bowled Newbury. Wainwright made a number of his sparkling displays, scoring 50 runs.

He scored three sixes and several boundaries.

Mortlock and Arnett put up 25 runs for the last wicket. Selway was the most successful bowler for the Navy, securing four wickets.

Scores follow:
H. M. S. Danae Innings:
Wells b Leighton 0

FOR RATIONS HONOR CARTIER

Celebrations Today Transferred To Quebec, When Guests From France Arrive

Quebec, Aug. 27.—Dignitaries of four countries converged on the ancient citadel of Quebec today to pay further honor to Jacques Cartier for his discovery of Canada four centuries ago.

Celebrations which began at Charlevoix, P.E.I., last week and continued on the rocky Gaspé Peninsula over the week-end today were transferred to Quebec.

The big French ocean liner Champlain with hundreds of guests from France steamed into Quebec harbor with a convoy of three French warships.

Representatives of Canada, England and the United States came from Gaspé by special train.

Steamship guests in the harbor looked with welcome as the Champlain moved into port accompanied by the French warships D'Entrecasteaux, Ville D'Ys and Vanquelin.

Pierre Fladin, French Minister of Public Works, headed the delegations from France.

WRESTLER NOT EAGER TO CONTINUE

Bout With Canadian; Ross' New Punch

New York, Aug. 27.—The bemused bosom of Eddie Flynn, former Olympic welterweight boxing champion, harbored a great respect today for the poisonous right hand of Jimmy McLarin.

It collided with his unwilling chin Sunday while the Vancouver Irishman, training for his return engagement here Sept. 6, with champion Barney Ross, was working correctly.

"As usual, Manager Pop Foster is finding sparmites willing to mix with the Canadian bomber about as scarce as cauliflower ears in a beauty contest."

One of the pair he did contest for Shammy's training camp at Orangeburg, N.Y., last week went into town Friday night to see a show and forgot to return.

That explained why the one-time amateur ruler happened to be in the ring with the boy who wore the professional crown until he met Mr. Ross last May. Flynn carried Jimmy along at a good clip with some fine toe dancing, but toward the end of the first round decided to let him go.

He thought Barney would win the decision last time. Now I find, he has developed a killing punch. McLarin should spend much time on the floor the night of Sept. 6."

TEXAS GIRLS SEEK

New Flight Record

Chicago, Aug. 27.—Despite "near disaster which threatened to end their flight, two Texas girls passed the one-third mark early today in their attempt for a new women's air endurance record.

The two, Mary Owens and Jean LaRene, accidentally threw overboard their reserve oil supply last night believing it to be inert lubricant. They brought their "Lone Star" low over the ground and gave a distress signal.

A note was hoisted by rope from their plane to the refueling ship, and about six gallons of oil were lowered in the first refueling contact at dark since the flight started.

The girls took off at 8:13 p.m. on Thursday. To pass the record, they must remain aloft until after 7:38 p.m. Sunday, Sept. 2.

VANCOUVER PRINTER VISITS EXPOSITION

Toronto, Aug. 27.—Fifty years ago Norman H. Boden, a youth from the country, not yet 20, visited the Canadian National Exhibition, on the occasion of Toronto's semi-centennial. He resolved to return on the city's 100th anniversary. Mr. Boden, now a resident of Vancouver, made good his resolve Saturday. He crossed the continent to visit the exhibition and see Toronto in its centennial year.

Boden, a Vancouver printer, ran the first weekly published in Courtenay.

McLARRIN'S RIGHT IS POTENT WEAPON

Wrestler Not Eager To Continue Bout With Canadian; Ross' New Punch

New York, Aug. 27.—The bemused bosom of Eddie Flynn, former Olympic welterweight boxing champion, harbored a great respect today for the poisonous right hand of Jimmy McLarin.

It collided with his unwilling chin Sunday while the Vancouver Irishman, training for his return engagement here Sept. 6, with champion Barney Ross, was working correctly.

"As usual, Manager Pop Foster is finding sparmites willing to mix with the Canadian bomber about as scarce as cauliflower ears in a beauty contest."

One of the pair he did contest for Shammy's training camp at Orangeburg, N.Y., last week went into town Friday night to see a show and forgot to return.

That explained why the one-time amateur ruler happened to be in the ring with the boy who wore the professional crown until he met Mr. Ross last May. Flynn carried Jimmy along at a good clip with some fine toe dancing, but toward the end of the first round decided to let him go.

He thought Barney would win the decision last time. Now I find, he has developed a killing punch. McLarin should spend much time on the floor the night of Sept. 6."

FANATIC PARENTS REFUSE AID FOR THEIR AILING SON

Fort Wayne, Ala., Aug. 27.—Parents of Wallace Doyle Sharp, eight, today refused to allow a physician to take the child to a hospital at Gadsden, Ala., for an operation on his infected leg after they had been warned that further delay might prove fatal.

The child had been suffering for several days from an infection, developed from a bruise. The infection continued to get worse last week as members of the Holiness Church crowded around Wallace's bed, praying and "talking in the unknown tongue, under the spirit."

INDIAN GOVERNMENT PLACES BAN UPON AEROPLANE RACERS

Simla, India, Aug. 27.—The Indian government's ban on flying over the western frontier will lengthen the London to Melbourne air race in October by 1,000 miles. Competitors in the great event in connection with the Victoria State Centenary celebrations, will have to take the southern course on leaving Bagdad, routing the Persian Gulf.

Many will probably land in Karachi or Jodhpur, where the Maharajah is arranging for competitors to stay over as state guests, with special expenses. The race is in two sections, one being a handicap basis.

COLUMBO SCRATCHED FROM RACE CLASSIC

London, Aug. 27.—Colombo's Derby disappointment, was scratched today from the St. Ledger, last of the season's five classics for three-year-olds, to be run at Doncaster next month.

No reason was given, but it was supposed Colombo had failed to show complete recovery from a knee injury that interrupted the colt's training some days ago.

Call-over of odds for the big race showed Windsor Lad, the Derby winner, still strong favorite at 6 to 5. The Aga Khan's Umidwar, second choice, was 6 to 1, with Longingard at 10 to 9, Adept and Achtenan 10 to 7, Premier 10 to 6, and Thierus and Patriot King 20 to 1.

SCHMELING STOPS NEUSEL IN NINTH

Hamburg, Germany, Aug. 27.—Max Schmeling, black Ullman of the Rhine, began his climb toward the world's heavyweight boxing championship today by stopping blond Walter Neusel after eight rounds of their 12-round bout, fought before a crowd of more than 100,000 persons.

Battered to the point of exhaustion by his rival's savage punching, Neusel failed to answer the bell for the ninth round and Schmeling was awarded the victory on a technical knockout.

DENIES ENGAGEMENT

London, Aug. 27.—Prince George was quoted today in the Daily Mail as denying recent rumors he was engaged to marry Princess Marina of Greece.

FANATIC PARENTS REFUSE AID FOR THEIR AILING SON

Fort Wayne, Ala., Aug. 27.—Parents of Wallace Doyle Sharp, eight, today refused to allow a physician to take the child to a hospital at Gadsden, Ala., for an operation on his infected leg after they had been warned that further delay might prove fatal.

The child had been suffering for several days from an infection, developed from a bruise. The infection continued to get worse last week as members of the Holiness Church crowded around Wallace's bed, praying and "talking in the unknown tongue, under the spirit."

INDIAN GOVERNMENT PLACES BAN UPON AEROPLANE RACERS

Simla, India, Aug. 27.—The Indian government's ban on flying over the western frontier will lengthen the London to Melbourne air race in October by 1,000 miles. Competitors in the great event in connection with the Victoria State Centenary celebrations, will have to take the southern course on leaving Bagdad, routing the Persian Gulf.

Many will probably land in Karachi or Jodhpur, where the Maharajah is arranging for competitors to stay over as state guests, with special expenses. The race is in two sections, one being a handicap basis.

COLUMBO SCRATCHED FROM RACE CLASSIC

London, Aug. 27.—Colombo's Derby disappointment, was scratched today from the St. Ledger, last of the season's five classics for three-year-olds, to be run at Doncaster next month.

No reason was given, but it was supposed Colombo had failed to show complete recovery from a knee injury that interrupted the colt's training some days ago.

Call-over of odds for the big race showed Windsor Lad, the Derby winner, still strong favorite at 6 to 5. The Aga Khan's Umidwar, second choice, was 6 to 1, with Longingard at 10 to 9, Adept and Achtenan 10 to 7, Premier 10 to 6, and Thierus and Patriot King 20 to 1.

SCHMELING STOPS NEUSEL IN NINTH

Hamburg, Germany, Aug. 27.—Max Schmeling, black Ullman of the Rhine, began his climb toward the world's heavyweight boxing championship today by stopping blond Walter Neusel after eight rounds of their 12-round bout, fought before a crowd of more than 100,000 persons.

Battered to the point of exhaustion by his rival's savage punching, Neusel failed to answer the bell for the ninth round and Schmeling was awarded the victory on a technical knockout.

DENIES ENGAGEMENT

London, Aug. 27.—Prince George was quoted today in the Daily Mail as denying recent rumors he was engaged to marry Princess Marina of Greece.

POLICE WATCHING LABATT SUSPECTS

Pictures of Detroit Gangsters Are Watched by Toronto Authorities

London, Ont., Aug. 27.—Border rackets who ply the waterfront between Detroit and Sarnia were believed to be the objects scanned by watchful police as search continues for the kidnapers of John S. Labatt, London, Ont., brewer, who was reported to have paid \$50,000 for his release early Aug. 17.

Gangsters who frequent the stretch of river between Sarnia and Detroit are having their pictures viewed, by provincial and Royal Canadian mounted police in Toronto. It is the second time since the search started pictures of Detroit gangsters have been examined.

It was reported Inspector Hammar Gardner, active in the search, would go to Toronto to inspect the pictures.

Rumors persisted arrests had been made in connection with the kidnaping but they were denied by police. One report said the kidnapers were being held as vagrants in a small jail in Western Ontario.
