Ambassador Holds Secret Session With Student Directorate Marines May Land REBELS ARRESTED

By Edmund A. Chester. Havana, Sept. 16 (Copyright) - Senator Welles, United States ambassador, held a long secret session today with a committee of the student directorate...

No Intervention The student spokesman quoted the ambassador as saying there would be no American intervention in Cuba...

Meanwhile, powerful forces, including A. B. C. and C. B. secret societies, Nationalist followers of Col. Carlos Medalla, and supporters of Jurist President Mario G. Menocal, during a protracted session insisted on making way for a new government...

Awat Trial Seventeen followers of the rebellious Capt. Fernando Aran, meanwhile, were in Cabana fortress awaiting trial. They were brought yesterday from Pinar Del Rio province where they were said to have rebelled against the government...

Adding to the tenacious of the situation were indications there had been no improvement in labor unrest. While Grau San Martin and his opposition were meeting in a private residence about 500 anti-imperialists held forth in the National Theatre...

SOFT COAL CODE STILL UNSIGNED; TEXT IS APPROVED Final Approval, Expected Soon, Will End Negotiations Of Month's Duration

Washington, Sept. 16-Soft coal's NRA code today still lacked final approval by operators of this basic industry, but Hugh S. Johnson predicted ratification was only a matter of hours...

The full text of the code was on paper. It had the approval of the industry's committee of 18 leading producers but President Roosevelt's desire to have the charter ready for signature last night was blocked when a three-hour meeting proved insufficient to obtain endorsement of individual operators and coal associations represented on the committee...

Mr. Roosevelt was represented as believing the law's language permitting employees to choose their own representatives was clear and fair, and any further attempt at interpretation would only complicate the existing situation between labor and industry...

Quiet Wedding Is Solemnized Today A quiet wedding was solemnized at one o'clock today, when Rev. W. P. Dunt united in matrimony William A. Barnes of Wellington and Miss Joy Draper, 266 East 14th avenue, Vancouver. SPURS HOLD OLD RIVALRY, ARSENAL TO ONE ALL TIE Sunderland, Brighton and Forfar Top Scorers With Five Goals Each. IRELAND WINS

London, Sept. 16-Tottenham Hotspurs returned to the first division after five years in the second celebration today by holding their ancient rivals Arsenal to a one-one tie in English League's feature game. The crowd of Londoners who had not seen the teams play in half a decade, filled White Hart Lane grounds to witness the battle. The result left the Spurs tied for division leadership with Huddersfield, who played two all tie with Stoke City...

Glasgow, Sept. 16-Ireland defeated Scotland 2-1 today in the first international soccer game of the season. The match was played before 22,000 spectators at Celtic Park, Ireland led by two goals at half time. Martin beat Harkness after seven minutes, an repeated six minutes later as a result of a mistake by Low in attempting to clear. The Irish thoroughly deserved their two goal lead, at the interval. Scotland resumed in hurricane fashion and after 16 minutes McPhail scored from close in giving Scotland a chance to save. The equalizer never came...

Glasgow, Sept. 16-Motherwell led the Scottish Football League with a margin of two points over the Rangers and three over Queens Park as a result of today's games.

Six Dead, Fifty Hurt Aand Thousands Homeless In Mexican City BOATS ARE SUNK

Wilmington, N. C.—A savage tropical hurricane roared today at the door of the North Carolina coast, where a section including the city of New Bern was reported already inundated. A report from the Coast Guard Cutter Pamlico said the highest tides on record had covered the city with water and other water front towns in the area. No details were given. New Bern had its heaviest flood damage since 1913 before civilization lines went down last night. The nearby twin cities of Morehead City and Beaufort were feared to be in a similar condition. All wires to those points were down also. There were two known dead. First reports said warehouses along the waterfront were flooded in basements and first floors, and stocks were badly damaged.

Debris Scattered Falling All women and children in the village of Portsmouth, N. C., south of Manteo, were taken to Coast Guard Stations. Latest reports from Hatters told of a barometer still falling at 28.10 shortly before midnight at a 72-mile wind. Leaves of all firemen and policemen in Norfolk were cancelled at that city prepared for the storm. A late August hurricane caused great damage to the city and its beaches. Destruction of the Neuse river bridge, lights and communications out, water front property destroyed and six feet of water in the business streets were water by the coast guard despatches. Red Cross aid was asked.

"Indecipherable confusion" was the description of conditions there by E. H. Dixon, manager of the Carolina telephone sub-telegraph company's New Bern office who made his way from the storm torn city of Kingston. "New Bern is a tangle of trees and wires," Dixon continued. "The tide spread over the business district. Trees were blown down on about every street and telephone wires were tangled up everywhere."

After the banquet the members adjourned to the large hall where they were treated to a fine program by contributing artists. Mayor Barby acted as chairman and Mrs. Martin and Mr. E. Englis accompanied the artists. The program follows: Chairman's remarks, Mayor Barby; solo, Mr. W. Brankston; pianoforte selection, Miss Doris Bush; address, District Deputy, Mrs. Sheperd; solo, Mrs. K. Brankston; solo, Past Regent Muir; recitation, Mrs. J. Leale Reynolds; solo, Mr. L. Williams; recitation, Mrs. Kettle, Victoria; flower march for the good of the order; 'God Save the King'.

Dollar Weak, Franc Strong On Exchange London, Sept. 16-Continued weakness of the American dollar and the strength of the French franc were features of a quiet exchange market today. The dollar closed at \$469.3-4 to the pound. Its final rate yesterday was \$467.3-4. The franc closed at 86.2 compared to the close at 86.84 last night.

The Weather The barometer remains low over the province and rain has been general southward to Oregon and eastward to Manitoba. Forecasts for 26 hours ending 5 p.m. Sunday, Nanaimo and vicinity: East and south winds moderate to fresh on the gulf unsettled with rain.

LEAGUE FOOTBALL FIXTURE SUNDAY

Park Rangers to Meet Harewood At Central Ground Tomorrow

Park Rangers last year's league champions, and Harewood Athletics a new entry in junior soccer ranks, will meet in a league fixture at Central Sports Grounds tomorrow afternoon, with Len Sandland as arbitrator.

The Rangers have lost a few of their last year's eleven, but hope to overcome this with a number of new comers. The most noticeable among these is Johnny Wallace, a Nanaimo boy, who has been living in Vancouver for the past few years. Johnny has made quite a reputation in the Mid West League there, as a centre half, and is expected to carry on the good work with the Rangers.

Jimmy Bevis, former halfback of the Rangers who advanced to senior company last year, is back with the team once again. Zeeon, a Ladysmith goalkeeper, who made such a splendid showing last season with Durnham, has been signed on to look after custodian duties.

Other new faces in tomorrow's lineup will be Harold roderick from Southland, and Sid Moore of last year's Tar Flats.

The Rangers will line-up as follows: Davies; Broderick, Hindmarch; F. D. Jones, Bevis, and Wallace; Jones, Cannon, Jackson, Evans, and Moore; reserves, Farrar, E. Davies.

All Park Ranger players are requested to meet at the Eagle Hotel at two p.m.

Harewood is a fast young team with plenty of football knowledge and proved last week that a few games in junior company will make them a team to watch.

DOUKHOBORS MAY SCATTER, REPORT

Break Up of Community Would Not Surprise Those Close To Strange Sect

Lethbridge Alta, Sept. 16.—Break-up of the Christian community of the Universal Brotherhood of Doukhobors would not be a surprise to those close to the sect, according to reports published by the Lethbridge Herald. The paper adds information it has obtained shows such a step might occur soon.

There seems to be a spirit of discontent among the members of the community, the paper adds. The iron hand that held the thousands of Doukhobors in fear and almost servile obedience for many years seems to have passed on with the death of Peter or Enig the First. Peter the Younger, present head of the sect, seems to lack the sure grip of his famous father.

Rumors coming from the Doukhobor colonies are that the community spirit is fast ebbing and that a general individualistic trend is visible.

Manchester, Eng. (CP)—A Manchester firm has received an order from the Egyptian Government for 30 aeroplanes of the Aero 626 type. This is a development of the "tutor" type, an order for 30 of which was placed with the firm a year ago by the British Air Ministry, on the fulfilment of which the Newton Heath works are still engaged. The type is one on which pilots can be trained in every branch of military flying, including blind flying and bombing.

It is reported that the machines are to be used in the Egyptian Government's fight against the drug traffic, and it was on inquiry learned they may be used for this purpose. The machines are admirably adapted for long-distance patrol work and have machine gun, wireless, and photographic equipment, and each carries a pilot and a navigator.

Hoop Heads Will Discuss Plans For Season On Tuesday

A general meeting will be held in the school gymnasium Tuesday evening to discuss the probability of forming city basketball leagues for all divisions. This will bring into active competition players who are not yet proper material for championship teams, and would give the hoop fans a more personal interest in the game.

The meeting will open at 8 o'clock and all teams are requested to send delegates. Others interested in the venture are also invited to attend.

ARTHUR EVANS IS GIVEN JAIL TERM

Sentenced To One Year On Charge Under Section 98 Of Code

Vernon, Sept. 16—Arthur Evans was sentenced here yesterday afternoon, by Mr. Justice W. A. MacDonald to one year's imprisonment, following his conviction on a charge of having advocated the overthrow of the Government by force.

The charge laid under section 98 of the Criminal Code, excited widespread interest. Evans' arrest having been made at the time he was said to be superintending a strike of Princeton miners last winter.

His Lordship stressed the leniency of the sentence he was imposing. He commented also on the fact that he had received numerous telegrams requesting the withdrawal of the charge and even the release of the prisoner, following conviction last Tuesday.

In the McEachers and Watson case involving a safe-bombing at the Vernon Growers in October, 1932, the sentence was four years each. This is in token of the fact that these men have already been one year in custody awaiting retrial, means that Chief Justice Morrison's sentences of five years each last November were upheld.

SCHOOL TRUSTEES CONVENE MONDAY; LAND QUESTION

Government To Be Asked To Consider Tax Free Status Of R. T. Property AT COURTESY

Courtesy, Sept. 16—Arrangements have now been completed for the reception of the delegates to the 29th annual convention of the British Columbia School Trustees Convention, who meet at Courtenay next Monday Tuesday and Wednesday in the Navaho Sons' Hall.

Amongst the distinguished visitors who will address the gathering are His Honor the Lieutenant Governor, Hon. E. Fordham-Johnson Rev. Joshua Hincliffe, minister of education, Professor Carrothers, professor of economics, U.B.C. Mr. A. W. Neill, M.P., Dr. G. K. MacNaughton, M.L.A., and Commissioner Bennett of Burnaby.

The B. C. School Trustees' Association was formed in 1905, and has as its aims and objects to conserve and enhance the British Columbia school system by recommendatory resolutions, and especially through related legislative enactments and departmental and school board administrations.

Amongst the resolutions that will be taken up during the coming sessions, concerning the E. and N. land question the government will again be asked to reconsider the tax free status of the lands in question.

MANY DEAD IN TAMPCICO FOLLOWING GREAT STORM; NEW BERN WIPED OUT

(Continued from Page 1)

The storm reached its heights at about two a.m. The Red Cross responded quickly to call for aid.

The storm passed Wilmington at sea and little effect was felt here.

Tampico, Mexico, Sept. 16—Relief workers today began the huge task of caring for 50 injured persons and 2,000 made homeless by a hurricane which swept this district yesterday. Sixty six were killed.

Continued rains raised rivers, flood stage and the resulting damage, together with that caused by strong winds, was considered large. Relief headquarters were set up in the City Hall.

The Tampico hospital, a refinery, asylum and houses at a nearby resort were wrecked.

Six small boats were sunk in coastal rivers, but it was not ascertained whether there was any loss of life. Passengers on one sinking launch were saved.

The city was left practically without light and power.

New York, Sept. 16—Wireless message picked up today by Coast Guard communications here and presumably sent by a ship, said all docks and buildings at Panico, North Carolina, had been swept away in the storm that lashed the coast.

"All Panico docks and buildings completely swept away," the message as picked up here read. "Lights and communications cut off. Landing subject damage and determine casualties if any."

"Last reports indicate property damage considerable hotel unroofed. Base personnel patrolling waterfront."

SEARCH OF YEARS FINDS LOST LINE

Miles of Cable Lost Off Newfoundland Recovered by "Lord Kelvin"

Halifax (CP)—Its pug-like prow coated with rust and scars, a little grey ship steamed quietly into the shelter of Halifax harbor and docked alongside the Western Union Cable Company pier. There was no open welcome for ship or crew, though they had just returned from a great victory over the elements and completed a task started years ago.

But down in the deep hold of the cable ship Lord Kelvin was fathoms of multicolored corroded cable that bore evidence of the long search for a disrupted communication line. Month after month the Lord Kelvin had wallowed in the Atlantic as her crew grappled along the ocean bottom for the line, torn from its bed by the disastrous tidal wave that swept the southern coast of Newfoundland the winter of 1929. The Lord Kelvin had completed the search, begun the following spring.

It was just another "job" for the crew and the master of the Lord Kelvin, Capt. M. H. Bloomer, spoke lightly of it. He was more anxious to talk of the scientific aspect of the search. The cable, recovered more than three miles from its original course, was located only after 20 attempts over a distance of some 80 miles. Only 10 miles of cable, however, was recovered.

Capt. Bloomer said that during a seagale like the one that shook the Newfoundland coast, the earth tremors were very rapid, causing extension of the earth surface and subsequent increased tension on a cable. Often, too, cables were buried during such eruptions and usually lost permanently while other times the heavily line would be carried from its bed, sometimes for miles.

Entries for the Mid-Island Juvenile League must be in the hands of the secretary, Albert Green, Strickland street, on or before Sept. 21. Registration forms are now available.

ANGLO-PICTURE OF Prosperity Says Australian Editor

London (CP)—Young England, encouraged by a young of such proportions as to be counted rarely experiences, has taken to hiking and to camping with abnormal avidity. So much so that it is alleged hikers and campers in certain districts are rendering themselves a joint action is being taken by rural governing councils all over the country towards the promotion of a Bill in parliament for the control of property, and general responsibility. On the other hand, it is also charged on behalf of the campers and hikers that this healthy form of recreation is being exploited by owners of land which is unsuitable for cultivation. Such organizations as the Camping Club of Great Britain are resolved strenuously to oppose certain proposals in the Bill promoted on behalf of the local rural authorities. In particular there will be opposition to the right which apparently be given to local authorities to prevent an ordinary traveler from pitching his tent or caravan anywhere on private or common land within their area.

If such a clause were enforced, it is argued, many campers might be excluded from parts of England and robbed of holiday pleasures which they had enjoyed for years without ever giving cause for complaint to local authorities.

Air Amendments To Soccer Code

Vancouver, Sept. 16—Suggested amendments to the British Columbia Football Association's constitution in regard to junior soccer were given an airing at a joint meeting of the B.C. E. A. juvenile and juniors.

The amendment which proposed to raise the juvenile age limit from 18 to 21, was defeated. The proposals in the form of amendments from Nanaimo, aiming to advance the transfer date of juniors from December 31 to some later date in the season, was also turned down.

It was decided that appeals to the B.C.A. from judgments handed down by junior and juvenile organizations must be made within 48 hours or they will not be entertained. This will be inserted in the B.C.F.A. constitution.

Russian Club Will Lecture Here Under City Clubs Auspices

Count Ignatieff, of Toronto, formerly of Russia, is being sent by the Associated Canadian Clubs to lecture to the local club on "The New Canadian," early in November. This was arranged at the meeting of the Nanaimo branch of the Women's Canadian Club which was held yesterday afternoon in the Legion Hall with Mrs. T. A. Barnard presiding.

Mrs. Leighton's annual garden fête gave a favorable balance reported Mrs. F. King the treasurer.

An interesting report of the annual convention of the Regional Council which was held in Victoria recently was given by Mrs. Barnard. She attended as Nanaimo's delegate. The members tendered a vote of thanks for her splendid report.

GOTHAM CABBIES IN CELEBRATION

Just 100 Years Ago Britisher Sold Hanson Rights In N.Y. For \$50,000

New York—While a fast-moving world celebrates a century of progress, 27 New York cabbies—all that are left of that era of red plink victorias and hobbling animals—are celebrating a century of survival.

Strangely out of place, yet strangely vital to memory loving New York, the plink still ply their precarious trade on bustling motorized Fifth Avenue—though "pinks" are small these days," as one older timer put it, turning his finger sleeves about the rim of a worn top hat.

It is just 100 years ago that Joseph Hanson, a Boston, English architect, sold for \$50,000 the patents to his revolutionary new vehicle, the "safety cab," later to be known as the Hanson.

Guided by the New York cabbies now, some bent, others almost as erect as they were when John L. Sullivan was champion of the fistie world or Divine Sarah's histrionic flame glow-howl, or Joel's and Reuben's were the strongholds of Bohemia.

Calman to Sullivan and Corbett and lanky Bob Fitzsimmons was Benjamin Solomon, den of the Fifth Avenue cabbies and probably the "dad" of the quiet old man who calmly snare the sleek motors to whose professors they once derisively slotted "Getta horse."

Solomon, his old topper as immaculate as ever, it a bit weather-beaten, his blue broadcloth liverly spotless, his face in bolding rickety sharing fares in front of a fashionable Central Park hotel as though the old town hadn't changed a bit.

"Of course it ain't what it used to be," he mook sagely, "but then what is? And what's the kick, I ask you, when a man makes a living and his horse is fed?"
