H.M. Brown,
Dean of Administration.

5. LEARNING RESOURCES CENTER HOURS

The Learning Resources Center has been experimenting with extended hours of opening since November 23, 1970. The usage of the Center's facilities during the extended hours has been sufficient to warrant continuation of the present schedule for the balance of the semester.

E. Jerome, Chairman,
L.R.C. Committee.

6. PARKING

By order of the Fire Marshal, the lane between the student and faculty parking lots must be kept clear. Numerous violations have been brought to our attention recently. Should these violations continue, the inevitable result will be that the offending vehicles will have to be removed at the owners' expense.

Mrs. L. Bonar,
Bursar's Office.

7. DISCOVERY BALL

The Dance Committee wishes to thank the Faculty, Staff and friends for their support of the dance held last Friday, February 5th. The Committee is very pleased that everybody seemed to enjoy the dance so much.

Mrs. M. Brown.
