

CHURCH SCHISM NEWEST THREAT AMONGST NAZIS

Bavarian Pastors Announce Their Secession From Christian Movement of Nazis.

PROFESSORS QUIT

Nazis Demand More Radical Measures Than Enunciated By Leaders

Begin, Nov. 27.—The long threatened schism in the German Protestant church was believed by many church men to be definitely nearer today. While Nazi Christians in their meetings yesterday a policy more radical than that previously announced by leaders, the rumble of opposition to the Nazi Christian program also gathered volume.

At about the same time many pastors in Bavaria and Westphalia announced their secession from the Nazi Christian movement. Then three well-known professors of theology pulled away from the Nazi Christians.

WILL SHOW FAMED LOG CABIN HERE

"Caribou Bill" Anger and His Companions To Exhibit At Spencer's

"Caribou Bill" Anger, former Winnipeg and The Pas newspaperman, is present in Victoria with his friends, Roger Penton and Horace Ferguson, with their "Log Cabin on Wheels," showings a large collection of pictures and minerals from Canada's hinterland.

Anger, his friends, and his cabin will be in Nanaimo this coming Thursday and Friday, and their exhibits and strange conceits will be displayed at Spencer's, according to Mr. Ben Anders.

The three left Winnipeg with their "log cabin" on July 6, and have traveled over 6,000 miles at the present time. They have given lectures in many schools and halls along the route and have displayed their photographs and minerals in the largest departmental stores in Western Canada.

"Caribou Bill" says his only excitement on the trip was when their "Log Cabin" skidded into a five-foot ditch in a rainstorm at Morse, Saskatchewan, and laid on its side all night. They were pulled out the next morning by a tractor. Their first puncture occurred in the mountains of the Rockies, where they also learned about a hearing and nearly lost a wheel. After reaching the summit, 5,400 feet, at Rossland, where there was six inches of snow, descending the brake bands caught fire, with the result that "Roger Penton ran down the mountain to a creek for water, while Horace Ferguson smothered the flames with a coat, burning out the sleeves. Anger and the log cabin almost unscathed when the flames were extinguished.

The mechanic, Penton, says he would not like to drive the log cabin around the hairpin turns after dark and found it very hard backing up to the various terraces, with only a half fee inches on either side. After leaving Howe the party was traveling at a good speed down a steep bank, when a machine slipped in front with his hand up shouting "stop." Here he found a stalled car with a trailer attached stretched across the trail. There was about two feet to pass on the right and a drop of a few hundred feet over the side," said Mr. Penton. I preferred to turn my bumper dead on.

NOT A TRAVELLER Demission, O. Nov. 27.—Solomon Layser, who will be 85 Christmas day, is making a 10-mile trip to New York years ago—and that's still the longest trip he ever made. He is 5 ft. 10 in. tall. A farm near here has been out of Demission in 68 years.

Douglas' Speech Calms Fears of Conservatives

Wall St. Cheering When Told That There Will Be No Paper Inflation GOLD PRICE HELD

Washington, Nov. 27.—On the return of visiting secretary Harry Morgenthau from his warm Springs conference with President Roosevelt, the administration today held the gold price for the sixth day at \$337.26 an ounce, well above the London figure. On the basis of trading opening at \$5.24 to the pound. The London price was \$32.82.

New York, Nov. 27.—The state of inflation jitters in government quarters in Wall Street has subsided somewhat following broadcast of Lewis Douglas' speech in Boston last night.

The Thompson opinions of recent monetary policies in Washington have been highly critical of the managed dollar experiments, it is widely recognized that most cases of serious inflation that have developed in the past have been outgrowths of a series of seriously unbalanced budgets.

Mr. Douglas, while stating frankly the budget for the fiscal year ending next June would be out of balance—to the extent of billions—explained that at least \$2,600,000,000 must be regarded as due to emergency appropriations.

Then, he explained it was not only the intention of the government to make its revenues balance both ordinary and extraordinary expenditures in the fiscal year ending in June of 1935, but to retire some of the accumulated debt as well.

In the opinion of many financial leaders of the hard money school, including Bernard M. Baruch, little, if any real inflation has as yet resulted from present policies.

It is the potential inflation seen in the situation which has prompted most of the outcry from conservative bankers and economists. Dr. O. M. W. Sprague objected to the present program chiefly on the theory it might result in inability of the government to finance its deficit through normal means, and have printing press inflation as a result.

Neither Professor George F. Warren nor Professor James Harvey Rogers, now regarded as the administration's two chief monetary experts, is understood to favor paper money inflation.

ONTARIO IN GRIP OF ZERO WEATHER Traffic Is Blocked, And Minor Accidents Are Frequent; Ships Shelter

Toronto, Nov. 27.—After steeping Ontario in sub-zero temperatures, brought down from the sub-Arctic regions, a direct north wind which reached blizzard proportions in the central part of the province, had spent itself today.

The weather Forecasts for 36 hours ending at 5 p.m. Tuesday, Nanaimo and vicinity: East and south winds, fresh to strong from the Gulf, becoming unsettled and milder, with rain.

Way Is Opened For Conference Between Provinces, Ottawa

Victoria, Nov. 27.—A wire received by Premier Pattullo today leaves the way open for a conference of the Canadian provinces and the Dominion Government. Hon. R. J. Manion, Minister of Railways, has called representatives of the Provincial Governments to a conference, December 14 to deal with uniform bus regulations throughout Canada. Prime Minister Bennett has called a second conference, probably in January, to consider uniformity of Companies Act.

STATE TO INDICT MOTHER AND SON

Alibi Established In Case of Earl Wynkoop; Confession Untrue

Chicago, Nov. 27.—Investigators of the death of Mrs. Wynkoop pressed their inquiry for a complete solution of the baffling mystery today, bent on early indictment of both Dr. Alice Wynkoop and her son, Earle. Assistant state's attorney Charles S. Dougherty said he would go before the grand jury tomorrow (Wednesday) to ask the indictment of the mother and her son—Dr. Wynkoop on a charge that she fired the pistol-bullet that the state contends killed Rheta, and Earle on the allegations he had advance knowledge of the doctor's alibi.

The arraignment of Earle in felony court today on a warrant charging both him and his physician mother with murder was also planned.

This course of action was announced after police said the alibi Earle sought to destroy—to give my mother from the electric chair, had been re-established.

The alibi, that Earle was enroute to the southern automobile with Stanley Young at the time Rheta died on an operating table in the basement surgery of his mother, Dr. Alice Wynkoop, was found to be sound, police said, establishing that a "confession" Earle made and later retracted, was untrue.

Chinese Bandits Derail Express; Many Are Killed

London, Nov. 27.—A Reuters news dispatch from Harbin, Manchuria, today said it was feared many were killed and wounded when bandits fired upon the passengers of the trans-Siberian express after having derailed the train near Tshitshar.

Wheat Parley Turns Attention To Soviet

Russia Expected To Be Less Obdurate Than In Previous Sessions London, Nov. 27.—Russia's determination to play a lone hand in world markets, current "distress selling," however European crops and the difficulty of getting accurate information on the operation of the new wheat pact were problems tackled with vigor by the world wheat commission today.

There was no indication, however, that Russia would be ready to give up her demand that her quota of 37,000,000 bushels be doubled.

Victoria Reports Heaviest Poll In All Its History; Weather Remains Fair

RAIN HOLDS OFF Nearly 50,000 Voters Affected In Vancouver Centre and Capital City

Victoria, Nov. 27.—Heavy polling was indicated at noon today in the deferred British Columbia provincial elections in Victoria City, and Vancouver Centre.

Weather conditions are favorable to voting. In Victoria, there was a slight mist and dreary clouds over Vancouver but there was no rain in either place.

There are 12 candidates in the field in Vancouver Centre and 23 in Victoria, to fill six seats.

SERVICES HELD

Presbyterians Mark Anniversary of Their Coming

Special services commemorating the 68th anniversary of the coming of the Presbyterian Church to Nanaimo were held in St. Andrew's Presbyterian Church on Sunday.

Good congregations greeted Dr. R. J. Douglas, the preacher for the day, at his morning talk for the text, I Corinthians 1:3, "Co-laborers with God," dwelling on the great privilege of the Christian as God's helper.

Tonight at eight o'clock Mr. George Boyd is to lecture on "Scottish Humor," and sing. Mrs. K. S. Brankston will assist with vocal numbers.

Martial Troubles Caused By Trivial Things, Judge Says

Chicago, Nov. 27.—Joseph Sabath, famous divorce judge, who has tried 40,000 such cases but is most proud of his record of effecting reconciliation in 2,100 instances, today stated that 74% year on the bench convinced most people land in divorce courts because of trivialities.

"There are, of course," he said today, "the divorcees that are made necessary by drunkenness, the star boarder, gin marriages, non-support and just plain mis-mating. But for the most part the persons who come into my court are 'separation because of trivialities.'"

Winter Definitely Arrives In Britain

London, Nov. 27.—Winter had definitely arrived in the United Kingdom today, with light snowfalls in the London District and greater falls in Kent, Surrey and Derby. Temperatures were sharply lower and there were indications the cold was here to stay.

BIG MOB LYNCHES SLAYERS OF HART IN SAN JOSE PARK

Four Thousand Miners Clash With Police at Valenciennes Aras, France, Nov. 27.—Thirty thousand miners awaited action by authorities today in response to their demands, voiced in huge demonstrations yesterday, for immediate efforts to stimulate employment.

They demonstrated against what they termed the inactivity of officials toward boosting production to relieve widespread want arising from shortened working hours in the collieries. Ten thousand marched here, about 7,000 at Bethune, 5,000 at Douai, and thousands more at Valenciennes, where 4,000 miners clashed with police.

FOUNDERS OF CITY TO BE HONORED AT TONIGHT'S BANQUET

John Meakin, Passenger On Princess Royal, Will Be Guest At Dinner

Flags are flying in the city today in honor of the seventy-ninth anniversary of the founding in Nanaimo of the 60 pioneers who reached Colville, as Nanaimo was then known, after a tedious journey around the Horn from England, on the Princess Royal.

Seventy-nine years is a long stretch of time but three of these brave voyagers have survived the rigors of their pioneering days, and are still able to enjoy the comforts of old age in a country in which they are proud to call their own.

Mr. Meakin is the only survivor living in Nanaimo, but Mrs. William Parkin is in close proximity at Comox. The other survivor is Mr. W. Hawkes, of Oregon.

Mr. Meakin, who is the oldest member of the Nanaimo Pioneer Society, will be the honored guest of that Society at their old-time banquet, commemorating the arrival of their forefathers, which will be held in the Oddfellows' Hall, commencing at seven o'clock this evening.

The little party landed in Nanaimo on a bright November day, and the late Mr. Samuel Gough, one of their number, always visited the rock behind the old bastion, which the passengers scaled to get to their new homes. This visit was made on the anniversary of the arrival here, and in the late pioneer's memory, and in that of his son, Mr. Hiram Gough, who has continued the visits, the weather has always been fine.

Although the air was crisp this morning the sun was trying bravely to shine through the clouds. After making his annual visit, Mr. Gough stated that since he did not have to wear an overcoat, this anniversary will go down as another fine day.

TWO MEN KILLED IN N. S. BLAST

Unexplained Explosion Shakes Business District Of New Glasgow

New Glasgow, N. S., Nov. 27.—Crews of workmen were busy today clearing charred, twisted wreckage and replacing shattered windows in the commercial district—shaken by an unexplained explosion that killed two men and seriously injured a woman.

As funeral arrangements went forward for the two victims, Morris David and his nephew, Simon Attis, officials awaited arrival of the provincial fire marshal, J. A. Beaton, of Halifax, to conduct official investigation into the blast that derided the building where David and Attis operated adjoining stores. There was nothing to indicate the source of the explosion.

Sheriff and Officers Use Tear Gas But Crowd Battles To Get Frey

HART'S BODY FOUND

Governor Will Pardon Any of Mob Apprehended By California Police

Sacramento, Nov. 27.—The lynching of Thomas Thurmond and John Holmes in San Jose last night for the kidnaping of Brooke Hart should result in fewer kidnappings throughout the country, Governor Rolph said today, and any are arrested for the hanging, the Governor will pardon them.

The Governor postponed his trip to Boise, Idaho, to attend a Government conference, not for the purpose of being on hand to call out troops, but to prevent it.

San Jose, Cal., Nov. 27.—Thomas H. Thurmond and John M. Holmes, confessed kidnappers of Mrs. Brooke Hart, were lynched here last night by a mob of 100 men who smothered their way into the county jail after a two-hour battle to seize the pair.

A whooping, cheering crowd estimated at 6,000 persons looked on. Thurmond, first to confess, was unaccompanied when litted the moose from his head, but the third time it was put there to stay, and still kicking he was yanked into the air.

Thousands Assemble In the glare of torches and flashlight the bodies dangled for half an hour or so, a snapshot picture for the thousands who had assembled swiftly after the news of the lynching movement had spread through the city. Then the lifeless forms were cut down and there was no further attempt to interfere with the hanging.

Thurmond's body had been slightly burned by flames from blazing newspapers held up by the mob as torches during the hanging.

The lynching, occurring only a few hours after the torn body of young Hart, son of a wealthy San Jose merchant, had been taken from San Francisco Bay, climaxed a spectacular battle between officers' harassment in the jail and the determined mob.

The muttering through began gathering about the jail about nine p.m. Two shots, fired from the crowd as a signal, started the mob attack. Officers within the jail let loose with three tear-gas bombs. Blinded and weeping, the attackers fell back.

Sheriff Knocked Out Persons had gathered to watch. The 35 officers in the jail building cut a call for more tear gas. All lights in the building were extinguished.

The building tear gas from the first three bombs was still hanging in the air when the second attack began. The steel doors of the jail gave way before steel pipe throttling rams and the mob poured in. Sheriff Knicker was knocked senseless and other officers were bruised aside.

NO DEPRESSION IN JERSEY ISLE

Has Favorable Balance For Past Year of Over \$400,000

St. Helier, Jersey Island, Nov. 27.—Jersey, largest of the Channel Islands was today in the happy position of being able to report a favorable balance in various departments over last year, totalling \$400,000.

Consequently the income tax is being reduced from 2 1/4 per cent to one per cent, compared with 26 per cent in the United Kingdom, the tax of six cents a pound on tea is being abolished, and \$120,000 is being applied to reduction of the island's \$5,000,000 public debt.

SCHOOLS TO MARK EDUCATION WEEK

Parents Invited To Visit Local Classes on Wednesday Afternoon

Nanaimo schools will mark Education Week by allowing parents to visit all classes next Wednesday afternoon. No special program has been planned, and lessons will be carried on as usual. Visitors are at liberty to enter and leave various classrooms as they wish. The invitation from Nanaimo schools follows:

CITY SCHOOL BOARD To Parents:

This week is being celebrated throughout British Columbia as Education Week.

Again this year parents and other interested citizens are cordially invited to visit the schools and see the classes at work on Wednesday afternoon, Nov. 30.

No special program is planned. The object is not to stage a display, but rather to give everybody an opportunity to see what the schools are actually doing. Lessons will therefore be carried on just as usual, and visitors are at liberty to enter and leave the various rooms just as they wish. They will understand why the teacher goes on with her work without paying special attention to them.

EDUCATION WEEK

For the coming week, the people of this province will consider the school problems of the day through Educational Week. It is a good thing for many parents do not realize just what the schools are doing for their children, nor are they fully aware of how the curricula is divided to meet present day needs.

Education has evolved even during the past 10 years. There was once a time when children were trained to pass examination papers. The smartness of the child was measured by his ability to obtain marks and the teacher's ability was likewise measured by the number of children in her classes who "made the grade."

Any student with an average amount of brains can be taught to cram and to pass. But not every child will leave school with a sound idea of the background of the subjects which have been taught. General knowledge is more valuable by far than brilliant marks.

Then too, we must realize this is the day of specialization. In a topsy-turvy world the student must be trained to take his place, and run a hard race against the most bitter kind of competition that has been known for years. They have new responsibilities, and it is only education that can fit them to assume those responsibilities.

We expect a lot from the new Minister of Education who is primarily a teacher, and a man well fitted for the post he now occupies. While this week is Education Week, those interested in the schools (and there is none who should not be), should meet through their trustees, their children's teachers and P. T. A.'s to accelerate the progress of education, as it affects their own children.

The older generation has made a sorry mess of world conditions. It is up to us to see that the generation that is about us will be well equipped to face the problems of tomorrow.

Do You Remember?

From the Columns of the Free Press

Fifty Years Ago
Mr. J. P. Platts yesterday morning held a Court of Revision under the Assessment Acts. No appeals had been taken, and all that was requisite was to sign the roll for the year 1934.

Another fire has taken place in Chinatown at Victoria. This time six houses were destroyed.

Twenty-five Years Ago

Mr. Al Davis of "Enterprise" cigar fame, returned last evening from a business trip to Comox and Courtenay.

Dr. W. F. Drysdale, the City Health Officer, reports the city clear of smallpox, it having been confined to one case.

Ten Years Ago

Mr. T. A. Barnard returned to Nanaimo today from a business trip to Vancouver.

Mr. William George Hunter and bride, nee Miss Winnie McLellan, returned yesterday from their honeymoon tour and last evening were tendered a reception at the home of the groom's parents, Mr. and Mrs. William Hunter, Nicol street.

WORLD OPINION

The quotations hereunder, culled from the Press of the World, do not necessarily carry the endorsement of the National Free Press.

ONTARIO'S SURPLUS

Province of Ontario has apparently had a wonderful financial year. Hon. George S. Henry, premier, expects a surplus of \$150,000,000 to be shown despite the budget estimate of a deficit of \$2,032,000. It will be some time, of course, before complete figures will be available for analysis of the methods by which the surplus was reached. Revenue is reported \$2,450,000 higher than anticipated for this year. Whether reserves will be tapped to augment income, as has been done in previous years, cannot yet be told. Some \$300,000,000 expenditure has been cut from the budget of \$53,000,000, hardly a substantial proportionate saving. It would be a creditable performance if the taxpayers of the province were to be given the benefit of the supposed improvement in finances.

Announcement of a relief and works program of \$38,000,000 has a transparent political meaning, even if some of the works would have been undertaken in any event. From this program, it is clear that taxpayers are not going to be relieved materially.

The preliminary statement of the provincial treasurer will be issued in December, and may show if special and extraordinary income has been used to create the surplus and will show what current items of expenditure have been deferred. In the meantime, the assurance of an excess of revenue over expenditure has been received with a satisfaction tinged with some skepticism. Critical analysts want to see the complete figures; taxpayers want to see what relief will be extended to them.—Financial Post

THEIR HANDS TO THE PLOW

There is not going to be any turning back, the British Prime Minister tells the House of Commons, when he defends the British policy toward disarmament. The policies for which the frontier has fought amid supreme difficulties for fifteen years are to go on, whether France wavers, Germany defects, or Italy abandons the struggle in disgust.

The British, says Mr. Ramsay MacDonald, are going to try again. It is John Bull's spirit in which he had led the world down the ages.

But the problems which confront disarmament are stupendous. Unhappy how can nations expect to balance their budgets, and improve their internal conditions when the menace of war looms constantly more actively?

Can Mr. MacDonald succeed, and meanwhile hold the armament advocates in his party in check? It does not look very hopeful at present, but he may manage to weather the storm by some form of compromise, as has been effective hitherto.

CHURCHES OF CHRIST SCIENTIST

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Democenced" was the subject of the Lesson-Sermon which was read in all Churches of Christ, Scientist, on Sunday, November 26.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Stand therefore, having your loins girt about with truth, and having on the breast-plate of righteousness." (Ephesians 6:14).

The Lesson-Sermon also included the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Eternal thoughts and aims reach no farther and do no more harm than one's belief permits. Evil thoughts, lusts, and malicious purposes cannot go forth, like wandering pollen, from one human mind to another, finding unsuspected lodgment, if virtue and truth build a strong defence" (p. 234).

HOW TO KILL WEEDS, FLIES

Valuable Hints Are Given By Experimental Station At Sidney

Sidney, Nov. 27.—Today the Experimental Station received a communication from the secretary of a Farmers' Institute at Qualicum, asking how we controlled weeds in pastures and drives. Unfortunately we do not always control weeds in such locations, but we know how. It has occurred to us that there may be a large number of people all over the country, who would be pleased to know the answer to this problem and others of a like nature, continually facing us on the farm.

To kill weeds on walks and drives. One pound arsenite of soda dissolved in six gallons of water. Pour this directly on the weeds, allowing the solution to soak well down beside the roots. This is very effective.

One should remember that what kills weeds will also kill all other green plant life, so that must be exercised in order that the solution is not allowed to fall on the grass or some valuable plant. If there should be any difficulty in getting the arsenite of soda at a reasonable price, one may make the same by boiling together one pound of White Arsenic with two pounds of washing soda in six gallons of water, and using as in the first instance.

If one wishes to kill big weeds on lawns, and they are usually present, the Arsenite will not answer, for grass will not grow when the Arsenite has been applied. Here we have learned that a small handful of Sulphate of Ammonia placed directly on the crown of the plant kills the weed and stimulates the grass to such an extent that the bare spot, where the weed formerly stood, is soon covered. It works wonders.

How To Kill Flies

We have learned how to kill the flies in the barn, in the office and in the house—an absolute control that costs little. Some of the fly sprays on the market lack little value, others are excellent but so expensive that they cannot be used. The following is the spray we use: Soak two pounds fresh pyrethrum powder in four gallons kerosene for two hours. Pour or siphon off the clear liquor above. Fill a hand spray, which is used for spraying cattle, and spray freely, driving the spray through the air in the rooms and on such places where flies congregate.

If used in the house water-white kerosene is recommended. The odor of the kerosene may be disguised by some such thing as wintergreen added to the solution in small quantities, but the killing properties are not improved by its use.

How We Control Cabbage Maggots
Cabbage, cauliflower and related plants have been so badly attacked with maggots during recent years that the culture of them has been abandoned in many cases. These maggots may be controlled without much difficulty as follows:

Bichloride of Mercury 1 ounce
Water 10 gallons
Take one gallon of boiling water and place it in an earthenware, enamel or wooden receptacle; crush the mercury salts and tie in a piece of cheesecloth and suspend just under the surface of the boiling water. When dissolved add balance of water. The dilute poison may be carried in an ordinary pail and applied, using a long handled cup or better a piece of small rubber hose. Make the first application three days after the plants have been set in the field, by pouring a small quantity of poison at the base of each plant. About one quarter pint of the poison is ample for each plant at the first application. One or more applications will be found necessary at intervals of 10 days. The solution is a deadly poison and must be treated as such.

DID YOU EVER STOP TO THINK?

By EDSON R. WAITE

The merchants of your city keep up with the times. They welcome the opportunity to serve you. Their merchandise is priced right and of a variety that can fill you every need.

They are friendly merchants. They deserve your confidence—confidence in them and the goods they sell.

Confidence is the open road between buyer and seller. Your merchants aim to keep your business by deserving it. Shop with them. They will prove it. They always sell the best by every test.

They maintain quality at reasonable rates. Their goods always satisfy.

When you buy from your home merchants, you have the satisfaction of knowing that you are buying satisfaction.

IT IS ALWAYS PROFITABLE TO BUY FROM HOME MERCHANTS BECAUSE THEY HAVE THE WILLINGNESS AND ABILITY TO SERVE YOU WELL.

"BOMBSHELL"

An Explosive Story of Hollywood.

By **LEBUEUS MITCHELL**

SYNOPSIS

Lola Burns, generous, impetuous monarch of Pictures also announced her intention of adopting a baby. Jim Brogan, her director, tells her she cannot look after the child and make five pictures a year, and offers to marry her. Reporter Space Hanlon, her publicity man, says it is true that she "will have a baby." Hanlon indignantly repudiates the rumor.

Meanwhile two trustees from the Orphan's Home come to discuss the matter with Miss Burns.

CHAPTER VII

MELE AT THE CURS VILLA
"Of course we have to consider the placing of a child very carefully," Miss Burns, and frankly the committee is a little dubious in your case. You've figured in the newspapers... And this morning's headlines were not too... Mrs. Ward hesitated and coughed gently.

"Mrs. Ward," said Lola, quickly, "I had known the gentleman you mean but a short time—merely a social friendship, and in trying to help him I found out what he really is. If you'll excuse me, we won't discuss it further."
"Certainly, dear," and little Miss Talley smiled sweetly and knew that she was glad to see you decide to adopt a child?" asked Mrs. Ward.
"I'm going to be honest with you, it was just a whim at first but, gosh, when I heard that little fellow in my arms last afternoon and that he didn't have a home, and that I could give him one, and love him—why, it just seemed the only worthwhile thing in life."
"But you'll make a nice little mother," said Miss Talley.
"I'd try. I'll try my best. If I failed to make that baby happy I'd die. He looked up at me so cute, as if he really loved me, for myself and well, not just because I'm Lola Burns. Do you see what I mean?"
"Yes, I think I do, dear," said Mrs. Ward, taking out paper and pencil.
"Now, let's see—as to your immediate future, is there anybody besides your father?"
"Yes, my brother. That's all. I'm sorry he isn't here now. He... He's away on business."

Brother Arrives
Winters, who had been waiting in the doorway, coughed and then Miss Burns' brother's car returned. Lola arose quickly. "I must see him. Will you excuse me?"
She hurried to the back door where Pops was holding the open while Brother, muttering drunkenly, a fat and pasty slob of about thirty, leaped up the steps, followed by a gum-chewing, tight-kirted and ancient female, typical of her over-the-hill class.
"Lola's eyes blazed with anger, and her tongue followed suit: "Why, you good-for-nothing, low-down—"
"Get up, you get up getting excited," said Pops, quickly, "he's come to steady his son's steps."
"Here's Sonny Boy—GOD," said the girl accompanying him, more than a little squinted herself.
"Who's your son?" Lola asked.
"Name's Nellie," said Brother, thickly. "Nice little girl. Good bet for pitchers. Goin' introduce her to Cletus."

"You can't come in here now, either of you," Lola tried to push them out of the kitchen. "Pops, please get him upstairs, the boys go."
"Aided by Nellie, Pops got the voluble Brother heaved up the back stairs and Lola returned for her guests and made excuses for her brother—he was tired out from his trip."
"Really, Mrs. Ward," said Lola, "not one hundredth of those stories they print about me are true. It's what the publicity man at the studio thinks is good, publicly, to tell them this morning I wouldn't stand for it any longer. I'm just my natural, simple self, with my dogs and my books and my fireside—"
She stopped in confusion as Brogan's voice called from the hallway.
"Hey, Lola! Where are you, son?"
"I got this afternoon off. What do you say we tie into a party of cocktails and—"
He caught sight of her guests and stopped speaking.

"Uncle John
"Why, it's Uncle," cried Lola, and ran up quickly and ran to him. "Darling! Auntie with you?"
"She didn't give him to respect but she went back to her guests. "This is my Uncle John. Mr. ... Mr. John Kelly. Mrs. Ward and Miss Talley. Uncle John. He always comes in that way. Such a joker. You big meanie, why didn't you bring Auntie."
She managed to push Brogan into the library before he could give away her little hoax.
"Why do you have to come in shooting off your face like that?"

LEVELS SWAMP PARK RANGERS

Mechanics Shut Out Opposition Saturday, And Run In Nine Goals

Five goals in the initial half and four in the second period gave Levels a 9-0 victory over Park Rangers in their junior soccer fixture here Saturday afternoon and put the Mechanics well out in front in the race for league honors.
Jackie Mills was responsible for five of the centers; Freddy Mills, Johnny Sandland and E. Muir each tallied one and the other, which was the first center of the match, was the result of a mis-kick by Johnny Bilton, Ranger fullback.
"The losers put up a dogged fight but were unable to score against the almost faultless-working Mechanics. Heaton, Ranger wing man, scored a wonderful game but his efforts were nullified because of poor support from the other front liners."
"Get out of here, everybody!" cried Lola, running out into the hall. As they scrambled for the front door, Lola looked about for Mrs. Ward and Miss Talley. "Where are those ladies?" she asked, running up to Loretta.
"They's just done gone, Miss Lola." Loretta rolled her eyes towards the front door.

HEED THE WARNING!

In the National Broadcast of Saturday night's hockey game, General Motors appealed to every car owner to give his car a sporting chance by using a suitable grade of winter motor oil. You should take this advice!
Drive in today to any Imperial Oil Service Station or dealers and fill with WINTER GRADE Marvelube. It seems the new S. A. E. SPECIFICATIONS for winter motor oil, which means it is approved by the manufacturer of your car.

USE WINTER GRADE Marvelube

played a wonderful game throughout and but for a little weakness in their other forwards might have tallied a number of goals.
The teams: Renfrew, B. Lorie; Heath and J. Lawrie; Rye, Christiano and Preston; Moffat, Gardiner, Smith Wilkinson and Chestnut.
Nanaimo, Inkester; Boyd, Waugh; Peppers, Knight, McGregor, White, Green, Krall, Sandland and Kulai; substitutes, Jackson and English.

NANAIMO FIFTEEN WINS FIRST GAME OF SECOND ROUND

City Blanks Strong Mounted Police Aggregation by Scoring Nine Points EDMUNDS STARS

Nanaimo Rugby fifteen made their first step on the ladder in their attempt to win the second round in the Rugby Union by defeating the strong C. M. P. on Saturday at Vancouver 9-0. The score does not indicate the run of play as Nanaimo forwards dominated the game and the locals should have won by a larger margin.
The forwards never played better. Their ability to gain possession and their splendid work in the loose, was a deciding factor in their win.
The police team are a greatly improved aggregation and were slightly superior to Nanaimo in the back division.
Despite the fact that Nanaimo had several on the injured list, and were turned down at the last minute by some of its players, the management fielded a team that knocked Nanaimo's prestige in rugby circles.
Edmunds Turns Out
"Tat" Edmunds came to the rescue of his "old love" and turned in a good game at full back, which was greatly appreciated by the local fans. "Doc" Healey, considering the fact that he hadn't kicked a ball for six weeks, surprised his team mates by his work in the line, and Tony Field came all the way from Chilliwack to help Nanaimo out, and very well he played. John Kerr, playing in the "threes" got little to do, but did it well.
At the kick-off Nanaimo attacked but the Mounties forced play back to mid-field where several scrums ensued.
The police started several nice passing movements which were smothered by the deadly tackling of the Nanaimo men. Nanaimo made frequent raids into the home "25" but their backs lacked penetrating ability. Forwards were responsible for continued pressure which was so great that the Mounties were forced to touch down several times for safety.
Police Break Away
The police started a forward move-

ment, breaking away several times, but their efforts were nullified by Edmunds, who fielded the ball, and forced touch with his judicious kicking like a veteran. His defensive tactics throughout were of the highest order and he inspired his teammates with confidence.
Nanaimo again raided and were nearly over on several occasions. The Mounties were hard put to hold their line intact. The interval arrived with no score.
On resumption Nanaimo forwards broke away and their work in the loose simply overwhelmed the Vancouver players, who were again forced to touch for safety. Nanaimo practically penned their opponents in their own half, with the exception of one breakaway when Hocking the Mountie captain was speeding for a try. He was well tackled by Edmunds.
After ten minutes play Bill Esterbrook secured and after a nice run, scored Nanaimo's first try, which Edmunds failed to convert.
Five Runs Made
Nanaimo's backs began to show up better and displayed some flashes of nice passing.
Their forwards again started an offensive ending with several scrums in the police line. Some fine individual runs were made by Esterbrook, Field, Dobinson, Shaw and Bob Bamford.
During an attack Nanaimo were awarded a penalty and Bill Esterbrook landed a pretty goal.
Encouraged by this success, the locals again raided and the best passing movement of the game was seen between Aitken, Field, Huddleston and Bamford for the letter to dash over for a magnificent try. It was a splenid piece of work and the Vancouver fans didn't fail to show their appreciation. Edmunds failed to improve the try.
From then on the visitors were penned in their own line and the final whistle found Nanaimo deserving winners. It would be invidious to make special mention of Nanaimo's wonderful forwards. Led by Bob Blackburn, they all played like trojans.
The following players represented Nanaimo: Edmunds, Hynek, Huddleston, Esterbrook, Kerr, Aitken, Field, Blackburn, Dobinson, Shaw, Naylor, Falla, Colishaw, Bamford, and Healey.

Patterson Preparing For Return Go With Vancouver Battler

Jackie Patterson, Nanaimo's fistic ace, fully recovered from his grueling bout with Phil Trudeau a few months ago, will be in top shape for a return battle with the Vancouver shaver in about three weeks' time. The match will be the main event on a card at the Queen's Arena.
Patterson is training with the members of the boxing and wrestling clubs which use the arena as their headquarters, and has only to lose two pounds to make Trudeau's weight.

Girls' Elevens To Play for Charity

Dodo Kids will be entertained by Northfield Widesaw in a girls' soccer match at Northfield next Sunday afternoon, commencing at 2:30 o'clock. All proceeds will be used as a Christmas Cheer fund in aid of the school children of Northfield and Brechin, and a large turnout of soccer fans is anticipated. Arrangements for the transportation of Nanaimo fans will be announced later in the week.

Juvenile Teams In Third Draw Game

Southend and Ladysmith, first division juvenile soccer rivals, fought to their third draw in four games this season at Ladysmith Saturday when the game ended with the score standing at 3-3. Hutchinson, Anderson and Kilby netted for Southend. Ladysmith scorers were McNeil 2, and Simpson.
South Wellington lost to Tar Flats by a 7-0 score and St. Andrew's met with a 3-1 defeat at the hands of Southend Foresters in third division games. Southend United went to the top of fourth division standings with a 4-1 win from Southend Foresters.

Laurie Stars

Lawrie pulled down a lone shot from McGregor, and Boyd and Waugh, the local fullbacks, stopped Chestnut and Smith, ambitious Argyle forwards. Wilkinson, hit the Nanaimo rigging from the wing and the other end Lawrie managed to clear a nice hook from Krall. The visitors staged an offensive drive, and after banging away fruitlessly for a few minutes, Gardiner beat Inkester, hitting the ball into the net after a scrumming.
Only eight minutes remained to play, but the visitors started to tie up the game. Preston shot past and a moment later Inkester thrilled the fans when he fumbled the ball and then fell on it as it was about to roll into the goal. With one half minute to go before the referee blew for the interval, Gardiner, event the count with the other end Lawrie managed to clear a nice hook from Krall. The visitors staged an offensive drive, and after banging away fruitlessly for a few minutes, Gardiner beat Inkester, hitting the ball into the net after a scrumming.

CURRIE RALLIES

Sir Arthur Slightly Better As Doctors Give Oxygen

Montreal, Nov. 27.—Sir Arthur Currie rallied slightly under oxygen treatment today and his doctors were a little more hopeful. Pneumonia developed yesterday to add complication to the condition brought about by blockage of a blood vessel in the brain. Sir Arthur is principal of McGill University and was commander-in-chief of the Canadian Corps in France.

Mr. Walter Craig returned to his home in Seattle this morning after a brief visit to his parents, Mr. and Mrs. William G. Craig, Milton St.

Draw For Second Round Of Soccer Trophy Is Made

Three Killed In Auto Accident At Wilmington

Wilmington, Del., Nov. 27.—Three persons were killed outright today in an automobile which crashed into a parked truck on the Glasgow Road, eight miles from here.

The dead, their bodies all badly mangled, were: Miss Maude Elsie, 22, a nurse of Farnhurst; Miss Margaret Kirk, 23, of Chesapeake City, Md., and Henry Reese, 25, of Childs, Md.

DIES FROM MOUSE BIT
Ada, Okla., Nov. 27.—Bitten by a mouse, William Ryan Coppedge, 14, died here today of rabies.

BLACKTETTY TO MALAY
London, Nov. 25.—Sir Basil Blackett, who, at the invitation of the Colonial Office, has gone on a financial mission to the Malay States, by air. Sir Basil is a director of the Bank of England, and was formerly finance member of the Executive Council of the Viceroy of India.

Winners In First Bouts To Meet Stronger Elevens As They Proceed

London, Nov. 27.—The draw for the second round of the Association football cup competition was made today. Thirty-four teams from the first round go into the second. Dec. 9, and the winners enter the third round on Jan. 13 along with the clubs of the first and second divisions of the English League, as well as three clubs of the third division, who exempt until now. Seven ties remain to be played from the first round.

Six teams outside the English League are directly in the second round, and five others still have a chance through replays. Sutton, conqueror of Rochdale, are drawn against Reading, and Worthing, who eliminated Southport, come up against either Dulwich Hamlet or Newport.

The draw for the second round is as follows:
Bath or Charlton A. vs. Gillingham. Bristol City vs. Barrow. Walsall vs. Clapton Orient. Gateshead vs. North Shields. Queens Park Rangers vs. N. Brighton or Mansfield Town. Carlisle United vs. Cheltenham. Stockport County vs. Crystal Palace.

Rotherham U. vs. Coventry City. Northampton T. vs. Torquay United or Margate. Halifax Town vs. Hartlepool U. Sutton Town vs. Redding. Swindon Town vs. Dartford. Southern United vs. Claxton. Workington vs. Dulwich H. or Newport County. Gainsborough T. vs. Cardiff City or Aldershot. Bournemouth vs. Tranmere Rovers. Southampton or Accrington Stanley vs. Folkestone or Bristol Rovers.

Up-Island Shuttle Team Is Defeated By Nanaimo, 19-5

Nanaimo badminton players defeated the strong Royston squad 19 games to five in a two-round contest at the local gymnasium Saturday evening. The ladies of the Nanaimo club played superb after play.

Results of the first round were as follows. Nanaimo players are mentioned first.

Men's Doubles
Blunt and P. Pas won from Idiens and Lockhart, 15-11, 8-15.
Conway and Jones lost to Walker and Brown, 8-15, 6-15.

Partington and Stevenson lost to Ash and Brown, 15-15, 15-9, 8-15.

Ladies' Doubles
Rogers and Hawthorthwaite won from McKinnon and Carey, 15-9, 15-2. Grey and Hitchen won from Cole and Newman, 15-4, 15-6.

Harwood and Piper won from Lupton and McIntyre, 15-0, 15-2.

Mixed Doubles
Blunt and Miss Hawthorthwaite won from Idiens and Miss Carey, 15-8, 8-15, 15-5.

Le Pas and Miss V. Rogers won from Miss McKinnon and A. Walker, 15-9, 15-2.

Conway and Miss E. Grey won from Brown and Mrs. Cox, 15-9, 15-4.

Partington and Miss Harwood won from Capt. Ash and Miss McIntyre, 15-14, 15-11.

Stevenson and Mrs. Hitchen won from Lockhart and Miss Newman, 15-6, 15-9.

Sydney, Australia, is the largest wool-selling centre in the world.

Spiritualist Auxiliary Committee will be met on Tuesday evening and message meeting conducted by Mrs. Jones, Oddfellows' Hall, Wednesday evening at 7 o'clock in aid of Christmas Cheer. Drawing will take place.

Miss Jean Jackson, of the B. C. Telephone Co. staff in Vancouver, is visiting her parents, Mr. and Mrs. T. R. Jackson, Esplanade.

BRITISHERS MAKE ATTACK ON RATS

Carriers of Bubonic Plague Are Harried By Offensive Through England

London, Nov. 25.—The rat pest in the United Kingdom is of serious proportions and during "rat week" a mass attack on the dangerous and destructive rodents was made by an army of men and boys estimated at about 200,000. It is believed that fully 40,000,000 germ-carrying rats infest the centres of population on the countryside and do incalculable material damage, as well as carrying disease and death to large numbers of the population.

The week known as "rat week" set rodents was instigated by the Ministry of Agriculture battalions of apart for the decimation of the rat hunters have been organized throughout the country. These modern Pied Piper of Hamelin, in included employees of 500 local authorities, troops of boy scouts, members of rat clubs and farm workers. They were armed with traps, poisons and poison gases, and their stores.

It is estimated that 40,000,000 rats each eat at least 10 shillings worth of foodstuff every year, while the damage to property is vastly in excess of that. The rat pest in the United Kingdom has put the total amount of Suffered at \$385,000,000 a year. But that figure does not include the cost in human lives and sickness due to the spreading of disease germs by the rodents.

The peril to health has recently greatly increased owing to the return to this country of the black rat which is a carrier of bubonic plague. The black rat flourished in this country until after the Great Plague of 1664-65, but it was then exterminated by the brown rats which came to this country about that time.

Now a reverse process is taking place. The brown rats have been largely driven out of London by the rat-proof basements of modern buildings. But the black rats do not confine themselves to the ground; they made the highest buildings by means of windows and skylights. They even run along telephone lines, 15-14, 15-11.

Stevenson and Mrs. Hitchen won from Lockhart and Miss Newman, 15-6, 15-9.

The destruction of timber has resulted chiefly from five causes: the activities of the settler and lumberman, from fires, insects, fungi, and from windstorms and heavy snow.

A world's record in butter production for a factory under one roof is claimed by the Waikato Valley Dairy Company of New Zealand with an output last season of nearly 5,500 tons.

Exports of Canadian apples for this season to Great Britain up to October 19 increased 167 per cent on barrels and 5 per cent on boxes in comparison with the corresponding date last year. 1933, 794,088 barrels; 1932, 296,756. United States shipments for the season up to October 7 declined 83 per cent on barrels and 52 per cent on boxes.

Pigs are particularly liable to suffer from a deficiency of minerals. In proportion to body weight, pig mineral requirements are perhaps exceeded only by those of a hen.

Japan is the only country where pear trees of native varieties out-number apple trees.

Earnings looking for winter quarters have been invading houses in the Victoria district, B. C.

SELIG TO PRODUCE SERIES OF FILMS

Well Known Hollywood Producer To Direct Pictures At Victoria Studios

Victoria, Nov. 27.—Colonel William Nicholas Selig, who is considered the founder of the full length feature motion picture, will produce a series of motion pictures in Victoria. Kenneth J. Bishop, producer of the Commonwealth Productions, Ltd., announced Saturday in his return from Hollywood.

Not only will Colonel Selig produce a series of pictures, but the Commonwealth Productions, Limited, will carry on with its contract of 16 full length feature pictures for a New York and London distributing firm with greater confidence than ever, since the first effort was so well received in Hollywood, where many producers and directors were interested in this first attempt to produce sound motion pictures in Canada under the British quota law.

Keith Morris Is Dead in England

London, Nov. 27.—Keith Morris, veteran Anglo-Canadian newspaper writer who spent his earlier years in British Columbia, died here today. He is believed to have once resided in Nanaimo.
